## **The Death Of Character Perspectives On Theater After Modernism:**

*The Death of Character* Elinor Fuchs, 1996-07-22 Extremely well written and exceedingly well informed this is a work that opens a variety of important questions in sophisticated and theoretically nuanced ways It is hard to imagine a better tour guide than Fuchs for a trip through the last thirty years of as she puts it what we used to call the avant garde Essays in Theatre an insightful set of theoretical takes on how to think about theatre before and theatre after modernism Theatre Journal In short for those who never experienced a postmodern swoon Elinor Fuchs is an excellent informant Performing Arts Journal a thoughtful highly readable contribution to the evolving literature on theatre and postmodernism Modern Drama A work of bold theoretical ambition and exceptional critical intelligence Fuchs combines mastery of contemporary cultural theory with a long and full participation in American theater culture the result is a long needed long awaited elaboration of a new theatrical paradigm Una Chaudhuri New York University What makes this book exceptional is Fuchs acute rehearsal of the stranger unnerving events of the last generation that have in the cross reflections of theory determined our thinking about theater She seems to have seen and absorbed them all Herbert Blau Center for Twentieth Century Studies University of Wisconsin Milwaukee Surveying the extraordinary scene of the postmodern American theater Fuchs boldly frames key issues of subjectivity and performance with the keenest of critical eyes for the compelling image and the telling gesture Joseph Roach Tulane University Fuchs makes an exceptionally lucid and eloquent case for the value and contradictions in postmodern theater Alice Rayner Stanford University Arguably the most accessible yet learned road map to what remains for many impenetrable territory an obligatory addition to all academic libraries serving upper division undergraduates and above Choice A systematic comprehensive and historically minded assessment of what precisely post modern theatre is anyway American Theatre In this engrossing study Elinor Fuchs explores the multiple worlds of theater after modernism While *The Death of Character* engages contemporary cultural and aesthetic theory Elinor Fuchs always speaks as an active theater critic Nine of her Village Voice and American Theatre essays conclude the volume They give an immediate vivid account of contemporary theater and theatrical culture written from the front of rapid cultural change *The Cambridge Introduction to Modernism* Pericles Lewis, 2007-05-03 Publisher description [Rethinking Character in Contemporary British Theatre](#) Cristina Delgado-García, 2015-11-13 The category of theatrical character has been swiftly dismissed in the academic reception of no longer dramatic texts and performances However claims on the dissolution of character narrowly demarcate what a subject is and how it may appear This volume unmoors theatre scholarship from the regulatory ideals of liberal humanism stretching the notion of character to encompass and illuminate otherwise unaccounted for subjects aesthetic strategies and political gestures in recent theatre works To this aim contemporary philosophical theories of subjectivation European theatre studies and experimental script led work produced in Britain since the late 1990s are mobilised as discussants on the question of subjectivity Four contemporary playtexts and their performances are examined in

depth Sarah Kane's *Crave* and 448 Psychosis Ed Thomas's *Stone City Blue* and Tim Crouch's *ENGLAND* Through these case studies Delgado Garc'a demonstrates alternative ways of engaging theoretically with character and elucidating a range of subjective figures beyond identity and individuality Alongside these analyses the book traces a large body of work that has experimented with speech attribution since the early twentieth century This is a timely contribution to contemporary theatre scholarship which demonstrates that character remains a malleable and politically salient notion in which understandings of subjectivity are still being negotiated **The Cambridge Companion to Theatre and Science** Kirsten

Shepherd-Barr, 2020-12-03 The first ever companion to theatre and science brings together research on key topics

performances and new areas of interest **Modern Character** Julian Murphet, 2024-03-05 In this groundbreaking and comprehensive study Julian Murphet examines how dramatists and prose writers at the turn of the twentieth century experimented with new forms of modern character Old truisms of character such as consistency depth and verisimilitude are eschewed in favour of inconsistency bad faith and fragmentation *Metamodernism in Contemporary British Theatre* Tom

Drayton, 2024-10-03 Postmodern theatre is dead A new theatre is rising one that combines the well worn postmodern aesthetics of irony detachment and deconstruction with a paradoxical interest in authenticity engagement and reconstruction Whilst recent scholarship has treated these evolving interests as unrelated shifts in performance aesthetics this volume proposes a new understanding that these are part of a wider emerging cultural paradigm metamodernism

*Metamodernism in Contemporary British Theatre* is the first book to focus on metamodernism and performance offering a pioneering framework by which to identify and understand metamodern theatre By drawing critical links between the works of performance theorists such as Anne Bogart and Andy Lavender and the metamodern as defined by Timotheus Vermeulen and Robin van den Akker this book makes a clear vital and urgent case for the use of the term metamodernism within mainstream theatre scholarship Focussing on small scale theatre companies across the UK including *Poltergeist*

*YESYESNONO* *Middle Child* and *The Gramophones* many of whom have not been documented in academia before this book also provides a unique analysis of the theatre made by British millennials a generation who have been distinctly affected by specific structures of contemporary precarity coinciding with this wider cultural shift Through this *Metamodernism in Contemporary British Theatre* makes a crucial contribution towards understanding emergent developments in post millennial theatre practice across Britain and beyond *Post-Theories in Literary and Cultural Studies* Zekiye

Antakyalioglu, 2022-04-25 *Post Theories in Literary and Cultural Studies* focuses on the shifting paradigms in literary and cultural studies Prompted by the changes and problems on the global scale the last two decades have seen a resurgence of scholarly interest in theories which are more embedded in the social realities and human condition This volume shows that theory can reinvent theory and re define criticism according to the demands of the new millennium In this context it examines new ways of considering the relation of post theory to the concepts such as ethics aesthetics truth value

authenticity human and reality to understand the mindset of the new century This volume presents the various suggestions and concerns of post theoretical studies that reflect the sensibilities of the contemporary social and cultural life The book is a source of reference to develop an understanding of this change of attitude in post theoretical studies towards a more directly and sincerely responsive approach to the current problems worldwide their representations in literature and language reflections in theory roots in socio political domains and effects on the material reality      **Ibsen and Early Modernist Theatre, 1890-1900** Kirsten Shepherd-Barr,1997-09-30 Best known as the author of such plays as *A Doll's House* and *Hedda Gabler* Henrik Ibsen is one of the most influential figures of modern drama This book takes Ibsen as a case study for an exploration of early modernist theatre in theory and practice in text and performance Modern drama has its roots in the theatrical activity across Europe during the 1880s and 1890s the period when Ibsen's plays were first being produced in England and France often by avant garde or experimental theatrical groups This study focuses on four of Ibsen's plays and their reception in England and France in the 1890s specifically in the context of cross cultural understanding translation and the diffusion of ideas It encompasses performance history textual and translation analysis in several languages and theatrical criticism The main contribution of this study lies in the provision of a better understanding of Ibsen's central role in the radical artistic movements of the period and particularly in locating the basis for an early modernist theatre in the new wave Ibsen created internationally His immediate impact on the French Symbolist theatre movement for example meant that its avant garde leaders embraced Ibsen's works as an important exposition of their own radical ideas Through close cross cultural exchange plays like *Rosmersholm* and *The Master Builder* which were heralded as explicitly symbolist in France helped condition the critical reaction to Ibsen as a symbolist playwright in England as well and directly influenced the development of the theatre in that direction however briefly      **Brecht Jahrbuch** ,1983      **Journal of Dramatic Theory and Criticism** ,2010      *Sulfur* ,1998      *Theatrical City* Junjie Li,2008      *Scandinavica* Elias Bredsdorff,2000      **Turning the Century** Michael Robinson,2006 A selection of articles from the British magazine *Scandinavica* on the subject of Henrik Ibsen's work      *TDR* ,2002      *The Visual Seen and Unseen* Ewa Kęblińska-Ławniczak,2004      *Library Journal* ,2005      **Canadian Periodical Index** ,1997      *Forthcoming Books* Rose Arny,1996-06      **City/stage/globe** Donald James Hopkins,2003
