Serious Fun Robert Edelman, 1993 The Big Red Machine an assemblyline of sober unsmiling Olympic champions this was the image that dominated Western thinking about Soviet sports But for Soviet citizens the experience of watching sports in the USSR was always very different Soviet spectators paid comparatively little attention to most Olympic sports They flocked instead to the games they really wanted to watch rooted for teams and heroes of their own choosing and carried on with a rowdiness typical of sportsfans everywhere The Communist state sought to use sports and other forms of mass culture to instill values of discipline order health and culture The fans however just wanted to have fun Official Soviet ideology was never able to control or comprehend the regressed and pleasure seeking component not only of spectator sport but of all popular culture In Serious Fun Robert Edelman provides the first history of any aspect of Soviet sports covering the most popular spectator attractions from 1917 up to the end of the Soviet Union in 1991 Edelman has used the highly candid sports press memoirs instruction books team yearbooks and press guides and supplemented them with Soviet television broadcasts and interviews with players coaches team officials television bureaucrats journalists and fans to detail how spectator sport withstood the power of the state and became a sphere of life that allowed citizens to resist deflect and even modify the actions of the authorities Focusing on the most popular sports of soccer hockey and basketball Edelman discusses the dominant teams and the biggest stars the international competitive successes as well as the many failures He covers a variety of topics familiar to Western sports fans including professionalism fan violence corruption political meddling the sports press television and the effect of big money on competition More than just a sports book Serious Fun takes us deep into the social fabric of Soviet life

Edelman shows how the Big Red machine so visible in international competition was much like the giant steel mills and dams of which the Soviets boasted These were the achievements of a state that put production above all else but spectator sport was part of a long suffering consumer sector that the industrial giant would never satisfy This volume will bring a broader richer understanding of Soviet life not only to students of popular culture and Russian history but to sports fans everywhere

**A Study of Spectator Interests and Knowledge of Football** Charles Edwin Miller,1956     *The Development on Sport Industry* ,2007     *Indians in Unexpected Places* Philip Joseph Deloria,2004 Despite the passage of time our vision of Native Americans remains locked up within powerful stereotypes That s why some images of Indians can be so unexpected and disorienting What is Geronimo doing sitting in a Cadillac Why is an Indian woman in beaded buckskin sitting under a salon hairdryer Such images startle and challenge our outdated visions even as the latter continue to dominate relations between Native and non Native Americans Philip Deloria explores this cultural discordance to show how stereotypes and Indian experiences have competed for ascendancy in the wake of the military conquest of Native America and the nation s subsequent embrace of Native authenticity Rewriting the story of the national encounter with modernity Deloria provides revealing accounts of Indians doing unexpected things singing opera driving cars acting in Hollywood in ways that suggest new directions for American Indian history Focusing on the late nineteenth and early twentieth centuries a time when according to most standard American narratives Indian people almost dropped out of history itself Deloria argues that a great many Indians engaged the very same forces of modernization that were leading non Indians to reevaluate their own understandings of themselves and their society He examines longstanding stereotypes of Indians as invariably violent suggesting that even as such views continued in American popular culture they were also transformed by the violence at Wounded Knee He tells how Indians came to represent themselves in Wild West shows and Hollywood films and also examines sports music and even Indian people s use of the automobile an ironic counterpoint to today s highways teeming with Dakota pick ups and Cherokee sport utility vehicles Throughout Deloria shows us anomalies that resist pigeonholing and force us to rethink familiar expectations Whether considering the Hollywood films of James Young Deer or the Hall of Fame baseball career of pitcher Charles Albert Bender he persuasively demonstrates that a significant number of Indian people engaged in modernity and helped shape its anxieties and its textures at the very moment they were being defined as primitive These secret histories Deloria suggests compel us to reconsider our own current expectations about what Indian people should be how they should act and even what they should look like More important he shows how such seemingly harmless even if unconscious expectations contribute to the racism and injustice that still haunt the experience of many Native American people today     **Captain Jack and the Dalton Gang** John J. Gentlemen's Quarterly ,1959 **The Presidencies of James A. Garfield & Chester A. Arthur** Justus D. Doenecke,1981 This is the first single volume to focus on the presidencies of both James A Garfield and Chester A Arthur Drawing from a host of studies on the foreign and domestic policies of the nation during the Gilded Age as well as from his own primary research the author presents a somewhat revisionist look at Garfield and Arthur revisionist in that he gives the reader a renewed appreciation of both men Far from being cynical spoilsman or naive incompetents individuals whose presidencies provide studies in ineptitude Garfield and Arthur emerge as men of considerable ability While making no claims of greatness Doenecke maintains that each was a significant transitional figure playing a crucial role as the institution of the presidency moved from the weak leadership of Andrew Johnson to the forceful direction of Theodore Roosevelt According to Doenecke Garfield saw the office of chief executive primarily in administrative terms and his great battle was over keeping the power of appointment in his own hands His victory over the Stalwarts enhanced both the power and prestige of the office His knowledge of how government worked was unmatched long before Woodrow Wilson made his mark Garfield was the scholar in politics The diplomacy of Secretary of State James G Blaine comes under critical scrutiny Doenecke evaluates his performance in the Chile Peru War War of the Pacific the Guatemala Mexico dispute the isthmian canal issue Irish American activities in Britain and efforts to secure markets in Korea br Garfield was assassinated less than six months after he entered office he had yet to be tested on major issues of public policy Chester A Arthur was ill prepared to be chief executive was in poor health much of the time while he was in office and was faced with a hopelessly divided party Nevertheless he was one of the nation s great political surprises His administration pioneered in the development of the navy sought foreign markets for American surpluses fostered civil service reform and pressed for a scientific tariff Doenecke devotes one chapter to the spoils system and the background to the Pendleton Act one to Arthur s strategy regarding the South and then offers an in depth analysis of diplomacy during Arthur s tenure During the presidencies of Garfield and Arthur the United States attempted to intervene in a war between Chile and Peru sought to turn Nicaragua into a protectorate supplied leading advisers to Madagascar and Korea and took a major part in the Congo conference of 1884 In examining these activities even while pointing to uncoordinated statecraft and inept diplomacy Doenecke challenges the long held view that from 1881 to 1885 the

nation was withdrawn and insular His fresh perspective on the Garfield and Arthur years will be of considerable interest to historians of the Gilded Age     **ISpy** Mark Andrejevic,2007 A chilling account of the tradeoff we are willing to make between interactive media technologies and the power of others to watch over and control us This brave new world of electronic marketing and consumption actually lulls consumers into blissful ignorance of how that usage can be and is being monitored     **Esquire** ,1937     *Randolph Bourne and the Politics of Cultural Radicalism* Leslie J.
