## **Steinhaus Stone House Domenig Gunther:**

**Günther Domenig, das Steinhaus** Günther Domenig,1988 **Projects Review** ,1987 **Domus** ,1995 **Visionary**

Clients for New Architecture Joseph Rykwert,2000 Clients of architects are featured in this volume which sheds light on the tricky balance of power between the architect and the client It focuses on three visionaries who commissioned buildings which became 20th century architectural icons **Gunther Domenig** Günther Domenig,1986 Günther Domenig is known as a non conformist in the Austrian architectural scene Steinhaus Stonehouse tells the story of the conception and construction of his home and studio within a remote mountain landscape Steinhaus Stonehouse tells the story of the conception and construction of a home cum studio cum intellectual haven for the architect in a landscape which has been part of his personal memory bank of images since childhood Though the interest in this Folio lies undoubtedly in its description of a particular and highly personal creative process the problems of response to site landscape image and memory which the architect confronts have a wider resonance This Folio contains twenty two plates of sketches drawings and computer drawings by the architect plus an illustrated booklet which documents through an interview photographs poems and sketches the particular context within which Domenig's work has grown and the story of the development of the Steinhaus project **The Idea of the City** Robin Middleton,Architectural Association (Great Britain),1996 This tribute to the late Alvin Boyarsky Chairman of the Architectural Association School of Architecture in London from 1971 to 1990 offers insights into the city by a roster of leading architects from the United States Australia and Europe in the form of visual projects analytical essays on **Azure** ,2005 **Free Spirit in Architecture Omnibus (Cloth)** A. Papadakēs,Geoffrey Broadbent,Maggie Toy,1992-12-15 Many of the projects presented in this Omnibus volume have previously appeared in Architectural Design magazine page 263

**Andreas Papadakis Presents Theory + Experimentation** Andreas C. Papadakis,1993 This is not only a source book of an international array of architects and ideas an extravaganza of architectural theory and its realisation but also contains extensive biographies of 35 architects The fracturing of the barriers between theory and reality is revealed as architecture moves from the studio and the realm of theory into street the realm of practice displaying an architecture of experimentation invention and freedom This book forms a rigorous up to the minute view of architectural thinking today and includes inter alias the work of Bernard Tschumi Peter Eisenman Morphosis Coop Himmelblau Daniel Libeskind and Itsuko Hasegawa

**Architecture Series: Bibliography** ,1989 **Architectural Publications Index** ,2003 **AA Files** ,1986 **Peter Cook, Beyond Archigram** Sara Richardson,1989 **Exposed Concrete** Gunter Pfeifer,Antje M. Liebers,Antje Liebers,Per Brauneck,2005 Today exposed concrete is enjoying a renaissance as an important material in architecture In addition to opening up new possibilities in construction it has led us to discover many different forms of surface structure The quality of the exposed surface depends on numerous factors and is difficult to achieve in practice merely by following a set of rules for creating exposed concrete surfaces For a discerning design it is not always a matter of simply providing a blemish free

surface However in every case a high degree of precise skill and craftsmanship is demanded from those involved Leaving a concrete surface visible from the inside or outside meets the need to lay the structure and quality of a building open to the view of the observer or user thus creating a directly comprehensible logicality of structure form and surface Numerous examples of buildings by internationally active architects explain the complex design approaches and principles for the use of exposed concrete The technical part of the book goes into the materials methods and working processes gives an insight into the innovative technologies employed and advice on maintenance and the avoidance of defects In a comprehensive way the book describes the possibilities and requirements of surface texture with exposed concrete and moreover demonstrates the relationship between conceptional design and thinking in concrete **BOOK JACKET Art Aurea ,1989**  Hans Hollein,2006 Austrian architects play a significant role in today s world wide development of a sculptural form of expression This phenomenon has its roots in similar streams in the past which belong to a rich cultural heritage from centuries gone by The short historical background starting with the comment about the Gothic Stephan s Cathedral in Vienna acts as an introduction to the subject followed by examples of the spatial splendour of the Baroque and a glimpse on the movement of Modernism to the immediate examples of sculptural architecture from Austria s past The main comprehensive part is dedicated to examples of contemporary architecture **The Architectural Review ,2005** **Günther Domenig - Recent Work** Günther Domenig,Matthias Boeckl,2005-03-11 Günther Domenig z hlt zu den bedeutendsten Architekten Europas Die ungew hnliche Vielfalt seiner Bauaufgaben reicht von Krankenh usern ber Hotels B robauten und Gewerbeobjekte bis hin zu Interventionen in alten Strukturen Das Buch bietet mit Pr sentationen des Dokumentationszentrums am Reichsparteitagsgel nde in N rnberg sowie von Domenigs privatem Idealprojekt Steinhaus am K rntner Ossiacher See gro z gige Einblicke in seine international bekanntesten rezenten Bauten sowie Dokumentationen aller brigen Projekte der reichen Produktion der vergangenen f nfzehn Jahre **Collection d'architecture du Centre Georges Pompidou** Mus Ee National Dart Moderne Centre De Cr Eation industriell,Alain Guiheux,Centre Georges Pompidou,1998 Cet ouvrage de r f rence pr sente le parcours cr atif et les projets des architectes dont les oeuvres composent la collection d architecture du Centre Pompidou cr e en 1992 et riche de plus de 2 200 oeuvres
