Step On It Andrew:

The Last Coin James P. Blaylock, 2011-09-29 Two thousand years ago there lived a man who sold some valuable information for a fee of thirty silver coins. His name was Judas Iscariot and he is no longer with us. The coins however still exist and still hold an elusive power over all who claim them. Like Andrew whose attempts at innkeeping bring in stranger business than he ever expected. And Aunt Naomi whose most prized family heirloom is a silver spoon with a curiously ancient looking engraving. And especially old Mr Pennyman who is only five silver coins short of immortality **Mammoth Books presents Cold to the Touch** Simon Strantzas, 2012-07-26 Stories often find their origins in unexpected ways. Strantzas reveals I was inspired in this case by a photograph of a Zen garden I once used as my computer's desktop background. After staring at it day in and day out while I worked I began to wonder about that dark circle of rocks and just what its true purpose might be. There was something there in the coldness of the photograph something that brought to mind the barren vistas of the Canadian Arctic which ended up being the perfect setting for my tale of tested faith Crypto Queen: You are a Mark Pati Tierney, 2025-11-24 Crypto Queen You are a Mark is a true crime inspired non fiction based in Melbourne Australia. The book tells a story of Pati empathic social worker who engages in an on line conversation with a stranger. Little does she know that what starts like frivolous playful banter turns her world upside down as she becomes entrapped by an insidious scamming syndicate. This event changes her life forever leaving long lasting consequences. The book touches on the contemporary topic of scamming affecting our communities globally aiming to break the stigma attached to the topic through telling the real life story and the impact it creates S.
