results of the group in Kaiserslautern Bassler Cruse Ebner Graham Pfluger Storrer as well as doctoral and masters students I have drawn upon the literature which had appeared as of summer 1981 This includes above all the work of Godden and of Wendler and his colleagues in Cologne A summary of the anatomical and physiological background necessary for an understanding of these investigations is provided in an appendix Chap 6 Methodological details must be obtained from the original publications Figures for which no source is given are from my own studies I intend to update this monograph on an annual basis Requests for these supplements should be directed to me in Kaiserslautern I would like to express my appreciation to all members of the group in Kaiserslautern for their constructive discussions their unflagging cooperation and their permission to include hitherto unpublished results
