Reconstructing the Fourth Amendment Andrew E. Taslitz,2009-03 The modern law of search and seizure permits warrantless searches that ruin the citizenry s trust in law enforcement harms minorities and embraces an individualistic

notion of the rights that it protects ignoring essential roles that properly conceived protections of privacy mobility and property play in uniting Americans Many believe the Fourth Amendment is a poor bulwark against state tyrannies particularly during the War on Terror Historical amnesia has obscured the Fourth Amendment's positive aspects and Andrew E Taslitz rescues its forgotten history in Reconstructing the Fourth Amendment which includes two novel arguments First that the original Fourth Amendment of 1791 born in political struggle between the English and the colonists served important political functions particularly in regulating expressive political violence Second that the Amendment's meaning changed when the Fourteenth Amendment was created to give teeth to outlawing slavery and its focus shifted from primary emphasis on individualistic privacy notions as central to a white democratic polis to enhanced protections for group privacy individual mobility and property in a multi racial republic With an understanding of the historical roots of the Fourth Amendment suggests Taslitz we can upend negative assumptions of modern search and seizure law and create new institutional approaches that give political voice to citizens and safeguard against unnecessary humiliation and dehumanization at the hands of the police *A History of Colonial America* Oliver Perry Chitwood,1961 The origin and development of the colonies their economic and social life and their separation from the Empire are the three general headings under which the author presents his study Booklist **American Journey Online User's Guide** Mary Ann Heiss,2003 **A Popular History of the United States of America** John Clark Ridpath,1879 **History of the United States of America, from the Discovery of the Continent [to 1789]** George Bancroft,1876 **Cyclopaedia of Political Science** John Joseph Lalor (d. 1899, ed),1888 **Cyclopædia of Political Science, Political Economy, and of the Political History of the United States** John Joseph Lalor,1882 *History of the United States of America: The formation of the American Constitution* George Bancroft,1884 The Student ,1887 **Annual Report of the American Historical Association** American Historical Association,1979 **Cyclopædia of Universal History** John Clark Ridpath,1885 Ridpath's History of the World John Clark Ridpath,1897 The Irish Towards the USA Kevin Kenny,2006 The first in a series of books dedicated to the phenomenon of great migrations deals with the relationships between Ireland and America
