The Antislavery Impulse 1830-1844:

The Antislavery Impulse, 1830-1844 Gilbert Hobbs Barnes, 1964 **The Antislavery Impulse, 1830-1844. With a New Introd. by William G. McLoughlin** Gilbert Hobbs Barnes, 1964 *Catalogue of the Charles L. Blockson Afro-American Collection, a Unit of the Temple University Libraries* Temple University. Libraries, 1990 Material from all over the world and in many foreign languages is included Preface The Force of Fantasy Ernest G. Bormann, 2001 In this book first published in 1985 Ernest G Bormann explores mass persuasion in America from 1620 to 1860 examining closely four rhetorical communities the revivals of 1739 1740 the hot gospel of the postrevolutionary period the evangelical revival and reform of the 1830s and the Free Soil and Republican parties Each community varies greatly but Bormann asserts that each succeeding community shares a rhetorical vision of restoring the American Dream that is essentially a modification of the previous visions Thus they form a family of rhetorical visions that constitutes a rhetorical tradition of importance in nineteenth century American popular culture **'Men and Women of Their Own Kind'** Glenn M. Harden, 2003-09 This thesis traces the historiography of antebellum reform from its origins in Gilbert Barnes's rebellion from the materialist reductionism of the Progressives to the end of the twentieth century The focus is the ideas of the historians at the center of the historiography not a summary of every work in the field The works of Gilbert Barnes Alice Felt Tyler Whitney Cross C S Griffin Donald Mathews Paul Johnson Ronald Walters George Thomas Robert Abzug Steven Mintz and John Quist among many others are discussed In particular the thesis examines the social control interpretation and its transformation into social organization under more sympathetic historians in the 1970s The author found the state of the historiography at century's end to be healthy with a promising future **Guncrazy America** Frank N. Egerton, 2018-10-06 The conclusion of this professor historian emeritus is that our gun culture had its uses in establishing American civilization as slavery did But we came to recognize after a bloody civil war that slavery was a gigantic mistake and now I think it's time to realize that our gun culture was a similarly gigantic mistake though of a different kind And we need to do what we can to minimize its horrible impacts and move on to a more positive development of a humane civilization Anti-Slavery Political Writings, 1833-1860 C. Bradley Thompson, 2016-09-17 The abolitionist movement in 19th century America led directly to the end of slavery in the United States This collection of more than 20 original documents including speeches editorials books and fiction captures the deep ideological divisions within the abolitionist movement **Sounding Forth the Trumpet** Peter Marshall, David Manuel, 2009-06-15 Sounding Forth the Trumpet brings to life one of the most crucial epochs in America's history the events leading up to and precipitating the Civil War In this enlightening book readers live through the Gold Rush the Mexican War the skirmishes of Bleeding Kansas and the emergence of Abraham Lincoln as well as the tragic issue of slavery Everyman's Constitution Howard Jay Graham, 2013-05-31 In 1938 Howard Jay Graham a deaf law librarian successfully argued that the authors of the Fourteenth Amendment ratified after the American Civil War to establish equal

protection under the law for all American citizens regardless of race were motivated by abolitionist fervor debunking the notion of a corporate conspiracy at the heart of the amendment's wording. For over half a century the amendment had been used to endow corporations with rights as individuals and thus protect them from state legislation. By 1968 when Everyman's Constitution was first published the Fourteenth Amendment had become a tool for the incorporation of the Bill of Rights to apply to all American citizens. The essays in this reprinted edition are still relevant as the nation continues to interpret our framing legislation in light of the concerns of today and to balance citizens' rights against those of corporations. Howard Jay Graham was a law librarian brought in by the NAACP's legal team to write a brief on the Fourteenth Amendment for the Supreme Court case *Brown v Board of Education*. Though the Supreme Court justices ruled in favor of the NAACP based on the sociological rather than historical evidence it provided, Graham's work published in various law journals over several decades contributed greatly to the ongoing interpretation of the Fourteenth Amendment.

THE ANTISLAVERY NOVEL, 1836-1861.. DONALD EDWARD. LIEDEL, 1961

A Biography of Oliver Johnson, Abolitionist and Reformer, 1809-1889 Steven M. Raffo, 2002 This is the first biography about Oliver Johnson who was the editor and writer for every major antislavery newspaper in America. He was also involved in numerous progressive movements of the time: women's rights, labor, prison reform, immigration, religion, and politics. He was an aide and follower of William Lloyd Garrison.

The Journey to Rome Christine M. Bochen, 2017-09-06 This title first published in 1988 examines accounts of religious conversion contained in the personal narratives of nineteenth-century American converts to Roman Catholicism. Given their newly acquired status as members of an unpopular religious minority, a number of converts recorded their conversion stories in an effort to justify becoming Catholic and to defend the teaching and practice of their Church. This title will be of interest to students of nineteenth-century religious and social history.

The Presidency of Franklin Pierce Larry Gara, 1991 An examination of American expansionism and diplomacy during Pierce's administration.

American Abolitionists Stanley Harrold, 2014-09-25 This book, the latest in the Seminar Studies in History series, examines the movement to abolish slavery in the US from the origins of the movement in the eighteenth century through to the Civil War and the abolition of slavery in 1865. Books in this Seminar Studies in History series bridge the gap between textbook and specialist survey and consists of a brief Introduction and/or Background to the subject, valuable in bringing the reader up to speed on the area being examined, followed by a substantial and authoritative section of Analysis focusing on the main themes and issues. There is a succinct Assessment of the subject, a generous selection of Documents, and a detailed bibliography. Stanley Harrold provides an accessible introduction to the subject, synthesizing the enormous amount of literature on the topic. *American Abolitionists* explores the roles of slaves and free blacks in the movement, the importance of empathy among antislavery whites for the suffering slaves, and the impact of abolitionism upon the sectional struggle between the North and the South. Within a basic chronological framework, the author also considers more general themes such as black abolitionists, feminism, and anti-slavery.
