## **Speaking About Death:**

**Talking About Death** Susan Walker,2022-11-30 Death remains a difficult topic to address openly left to professionals in hospitals and hospices Talking About Death aims to equip ministers and pastoral carers to enable individuals and families to say and do the important things on their minds It includes Learning How To Die How the medicalisation of death has affected thinking around death the role of Christian faith Talking about death positively exploring the strong feelings around death how theories of loss can be helpful Christian Approaches to Talking About Death and Dying Societal Attitudes To Talking About Death And Dying What is to be gained by talking about death and Dying Practical examples and stories Contemplating our own death resources for end of life conversations *Talking About Death Won't Kill You* Dr. Kathy

Kortes-Miller,2018-03-06 This practical handbook will equip readers with the tools to have meaningful conversations about death and dying Death is a part of life We used to understand this and in the past loved ones generally died at home with family around them But in just a few generations death has become a medical event and we have lost the ability to make this last part of life more personal and meaningful Today people want to regain control over health care decisions for themselves and their loved ones Talking About Death Won't Kill You is the essential handbook to help Canadians navigate personal and medical decisions for the best quality of life for the end of our lives Noted palliative care educator and researcher Kathy Kortes Miller shows readers how to identify and reframe limiting beliefs about dying with humor and compassion With robust resource lists Kortes Miller addresses advance care plans for ourselves and our loved ones how to have conversations about end of life wishes with loved ones how to talk to children about death how to build a compassionate workplace practical strategies to support our colleagues how to talk to health care practitioners how to manage challenging family dynamics as someone is dying what is involved in medical assistance in dying MAID Far from morbid these conversations are full of meaning and life and the relief that comes from knowing what your loved ones want and what you want for yourself *Let's Talk About Death*

Steve Gordon,Irene Kacandes,2015-11-10 Experts in end of life care tell us that we should talk about death and dying with relatives and friends but how do we get such conversations off the ground in a society that historically has avoided the topic This book provides one example of such a conversation The coauthors take up challenging questions about pain caregiving grief and what comes after death Their unlikely collaboration is itself connected to death the murders of two of Irene's closest friends and Steve's support in perpetuating memories of those friends' lives and not just their violent ends The authors share the results of a no holds barred discussion they conducted for several years over email Readers can consider a range of views on complicated issues to which there are no right answers Letting ourselves pose certain questions has the potential to profoundly change the way we think about death how we choose to die and just as importantly the way we live Honest probing sensitive and even humorous at times the completely open discussions in this book will help readers deal with a topic that most of us try to avoid but that everyone will face eventually *Let's Talk about Death (over Dinner)*
