

# CASE STUDIES

- Case studies are descriptions of real situations that provide a context for engineers to explore decision-making in the face of socio-technical issues.
- Case studies typically involve complex issues where there is no single correct answer.
- Most engineering case studies available related to engineering ethics.
- The process of analyzing a case study encourages several learning tasks:
  - Exploring the nature of a problem and circumstances that affect a decision or solution.
  - Sensitivity to ethical issues, sometimes called "developing a moral imagination " or the awareness of the needs of others and that there is
