John George Wood

Spectator Bird:

The Spectator Bird Wallace Stegner, 1990-11-01 From the dean of Western writers The New York Times and the Pulitzer Prize winning author of *Angle of Repose* and *Crossing to Safety* his National Book Award winning novel *A* Penguin Classic Joe Allston is a retired literary agent who is in his own words just killing time until time gets around to killing me His parents and his only son are long dead leaving him with neither ancestors nor descendants tradition nor ties His job trafficking the talent of others had not been his choice He passes through life as a spectator A postcard from a friend causes Allston to return to the journals of a trip he had taken years before a journey to his mother's birth place where he'd sought a link with the past The memories of that trip both grotesque and poignant move through layers of time and meaning and reveal that Joe Allston isn't quite spectator enough

A Literary History of the American West Western Literature Association (U.S.), 1987 Literary histories of course do not have a reason for being unless there exists the literature itself This volume perhaps more than others of its kind is an expression of appreciation for the talented and dedicated literary artists who ignored the odds avoided temptations to write for popularity or prestige and chose to write honestly about the American West believing that experiences long known to be of historical importance are also experiences that need and deserve a literature of importance

Wilkinson Wallace Stegner and the Continental Vision is an illuminating look at Stegner's many and varied contributions to American literature and society. Longtime admirers of Stegner will appreciate it for the new perspectives it provides while readers less familiar with him will find it a valuable and accessible introduction to his life and work. **Birds and Nature**, 1897 **Encyclopedia of the American Novel** Abby H. P. Werlock, 2015-04-22 Praise for the print edition no other reference work on American fiction brings together such an array of authors and texts as this **Historical Review of Water Bird Populations and Annotated List of Water Birds Associated with Burlington Bay, Lake Ontario, 1857-1990** Martin B. Gebauer, Robert Z. Dobos, D. Vaughn Weseloh, 1993 This report documents historical changes in and the present status of water bird populations associated with Burlington Bay at the west end of Lake Ontario. The report will provide a historical database for the water bird component of the Remedial Action Plan for Hamilton Harbour. Records for 151 species of water birds associated with the study area were located and summarized to determine the occurrence and abundance of these species pre 1900, 1900-47, 1948-69, and 1970-90. The records were summarized for three subareas of the bay: Hamilton Harbour, Cootes Paradise, and Windermere Basin. *Utah Historians and the Reconstruction of Western History* Gary Topping, 2003 Among historians of Utah and the American West, few names have greater resonance than Bernard DeVoto, Dale Morgan, Juanita Brooks, Wallace Stegner, and Fawn Brodie. Each of these writers made enduring contributions not only to our knowledge of the American West but also to our view of the region and its history. In many ways, their writing set the standard for scholarship and interpretation, and their influence is still felt today. Yet they were not flawless. As Gary Topping explains in this, the first comprehensive appraisal of their work, each had serious shortcomings. DeVoto and Stegner, master storytellers, distorted their histories with excessive use of literary and artistic techniques. Morgan, the thorough researcher, failed to see larger contexts and interpretive possibilities. Brooks, courageous in finding damning new information on the Mountain Meadows massacre, stopped short of drawing conclusions that might alienate her from her fellow Mormons. And Brodie, psychobiographer extraordinaire, nonetheless succumbed to reading too much into the lives of her subjects based on her own emotions and conflicts. All five writers experienced Mormon Utah in the formative stages of their lives, and whether they wanted to or not, fashioned their work on the American West under that indelible influence. Topping shows ultimately how, despite weaknesses, each created exemplary models of diligent research and narrative elegance while establishing new traditions in western historical scholarship.
