Spending Mary Gordon, 1999-12-01 *Spending* Mary Gordon, 1999-03-11 In dire need of a muse to record the everyday details of her artistic life Monica Szabo hires a commodities broker who brings along an unexpected shift to the balance of wealth and power in their professional relationship Conversations with Mary Gordon Mary Gordon, 2002 This collection allows the reader to trace the roots both literary and autobiographical of one of America's most fiercely intelligent and thoughtful writers Catholic Women Writers Mary Reichardt, 2001-07-30 Women have been writing in the Catholic tradition since early medieval times yet no single volume has brought together critical evaluations of their works until now The first reference of its kind Catholic Women Writers provides entries on 64 Catholic women writers from around the world and across the centuries Each of the entries is written by an expert contributor and includes a biography of the author a critical discussion of her works especially her Catholic and women's themes an overview of her critical reception and a bibliography of primary and secondary sources Authors writing in all genres including fiction autobiography poetry children's literature and essays are represented The entries give special attention to the authors use of Catholic themes structures traditions culture and spirituality The writers surveyed range from Doctors of the Church to mystics and visionaries to those who employ Catholic themes primarily in historical and cultural contexts to those who critique the tradition An introductory essay places the writers within the historical and literary contexts of women's writing in the Catholic tradition and the volume closes with a selected general bibliography **The Still Life in the Fiction of A. S. Byatt** Elizabeth Hicks, 2010-08-11 This book explores the ways in which English writer A S Byatt's visual still lifes descriptions of real or imagined artworks and what are termed verbal still lifes scenes such as laid tables rooms and market stalls are informed by her veneration of both realism and writing It examines Byatt's adoption of the Barthesian concept of textual pleasure showing how her ekphrastic descriptions involve consumption and take time to unfold for the reader thereby highlighting the limitations of painting It also investigates the ways in which Byatt's still lifes demonstrate her debts to English modernist author Virginia Woolf French writer Marcel Proust and the Pre Raphaelite Brotherhood of nineteenth century Britain A number of Byatt's verbal still lifes are read as semiotic markers of her characters particularly with regard to economic status and class Further her descriptions uniting food and sexuality are perceived as part of her overall representation of pleasure Finally Byatt's employment of vanitas iconography in many of her portrayals of death is discussed showing how her recurring motif of Keats's Ode on a Grecian Urn teases out the still life's inherent tension between living passion and cold artwork
