## **Stellar Woods:**

**Places Not Here** Don Thompson, 2008-02-07 *Places Not Here* is the concluding book of the Stellar Woods trilogy. In this final adventure, young adults Tom and Katie Morrison are called back to Seattle for the reading of the will of their departed mentor Dr. Spencer Blankenship. When the facts of Dr. Blankenship's demise don't add up, Tom and Katie must decide whether to ignore the disturbing details and return to their safe and successful academic careers or to risk further investigation. Their decisions lead them down dangerous paths, challenging the limits of rational thought and culminating in unsettling discoveries about their mentor themselves and the fate of the world itself.

**Islands of Light** Don Thompson, 2004 A year after their adventure in *Stellar Woods*, Tom and his sister Katie are into Northwest life in a big way. Their family has inherited a 58-foot trawler, and they are ready for salt water adventures beyond anything they ever imagined while living in Colorado. But the waters surrounding the San Juan Islands are not always friendly and can sometimes deceive even the most experienced boater. In this sequel to *Stellar Woods*, a tragic boating accident separates the family, spinning them off on different paths. Will the family be reunited? The odds seem against it, even against the very survival of one of its members. Will someone remember the power of the stones? Will someone understand how to use this power to bring the family back together?
