Steptoe Son:

Memorials of Old Virginia Clerks ,1888 The Three Partners Bret Harte,2017-10-06 When three partners find a fortune in the Gold Rush it invites a lot of unwanted attention deceit and death Excerpt The sun was going down on the Black Spur Range The red light it had kindled there was still eating its way along the serried crest showing through gaps in the ranks of pines etching out the interstices of broken boughs fading away and then flashing suddenly out again like sparks in burnt up paper Then the night wind swept down the whole mountain side and began its usual struggle with the shadows upclimbing from the valley only to lose itself in the end and be absorbed in the all conquering darkness Bret Harte was an American short story writer and poet best remembered for his short fiction featuring miners gamblers and other romantic figures of the California Gold Rush In a career spanning more than four decades he wrote poetry fiction plays lectures book reviews editorials and magazine sketches in addition to fiction As he moved from California to the eastern U S to Europe he incorporated new subjects and characters into his stories but his Gold Rush tales have been most often adapted and admired

We Will Shoot Back Akinyele Omowale Umoja,2014-08-22 The notion that the civil rights movement in the southern United States was a nonviolent movement remains a dominant theme of civil rights memory and representation in popular culture Yet in dozens of southern communities Black people picked up arms to defend their leaders communities and lives In particular Black people relied on armed self defense in communities where federal government officials failed to safeguard activists and supporters from the violence of racists and segregationists who were often supported by local law enforcement In *We Will Shoot Back* Armed Resistance in the Mississippi Freedom Movement Akinyele Omowale Umoja argues that armed resistance was critical to the efficacy of the southern freedom struggle and the dismantling of segregation and Black disenfranchisement Intimidation and fear were central to the system of oppression in Mississippi and most of the Deep South To overcome the system of segregation Black people had to overcome fear to present a significant challenge to White domination Armed self defense was a major tool of survival in allowing some Black southern communities to maintain their integrity and existence in the face of White supremacist terror By 1965 armed resistance particularly self defense was a significant factor in the challenge of the descendants of enslaved Africans to overturning fear and intimidation and developing different political and social relationships between Black and White Mississippians This riveting historical narrative relies upon oral history archival material and scholarly literature to reconstruct the use of armed resistance by Black activists and supporters in Mississippi to challenge racist terrorism segregation and fight for human rights and political empowerment from the early 1950s through the late 1970s Publisher s website *Three partners and other tales* Bret Harte,1900 **Three Partners** Bret Harte,1900 **The Writings of Bret Harte: Three partners and other tales** Bret Harte,1900 **The Writings of Bret Harte: Three partners, and other tales [c1900** Bret Harte,1900 Multicultural and Ethnic Children's Literature in the United States Donna L. Gilton,2020-02-18 This edition of Multicultural and Ethnic

Children's Literature in the United States addresses both quantitative and more qualitative changes in this field over the last decade. Quantitative changes include more authors, books, and publishers; book review sources, booklists, and awards organizations, institutions, and websites; and criticism and other scholarship. Qualitative changes include more support for new and emerging writers and illustrators; promotion of multicultural literature both in the U.S. and around the world, as well as developments in global literature; developments in the literatures described throughout this book, as well as in research supporting this literature; the impact of technology; characteristics and activities of four adult audiences that use and promote multicultural children's literature; and changes in leaders and their organizations. This is still a single reference source for busy and involved librarians, teachers, parents, scholars, publishers, distributors, and community leaders. Most books on multicultural children's literature are written especially for teachers, librarians, and scholars. They may be introductions to the literature, selection tools, teaching guides, or very theoretical books on choosing, evaluating, and using these materials. *Multicultural and Ethnic Children's Literature in the United States* focuses much more on the history of the development of this literature from the nineteenth century to the present day. This book provides much more of a cultural and political context for the early development of this literature. It emphasizes the self-determining viewpoints and activities of diverse people as they produce materials for the young. *Multicultural and Ethnic Children's Literature* describes organizations, events, activities, and other contributions of diverse writers, illustrators, publishers, researchers, scholars, librarians, educators, and parents. It also describes trends in the research on the literature. It elaborates more on ways in which diversity is still an issue in publishing companies and an extended list of related industries. It describes related literature from outside of the U.S. and makes connections to traditional global literature. Last, *Multicultural and Ethnic Children's Literature* shows the impact of multiculturalism on education, libraries, and the mainstream culture in general. While the other books on multiculturalism focus on how to find, evaluate, and use multicultural materials, especially in schools and libraries, this book is concerned over whether and how books are produced in the first place and how this material impacts the broader society. In many ways, it supplements other books on multicultural children's literature.
