Against the Corporate Media Michael Walsh,2024-09-10 The citizens of Western democracies have been relentlessly propagandized lied to and fed a steady diet of distortions and untruths by their media for decades. Editor Michael Walsh brings together a stellar collection of critical thinkers and writers to explain how and why this is happening its negative effects on our democracies and what we can do to reverse it. An informed electorate is a prerequisite for free and fair elections. But rather than striving for accuracy and objectivity today's journalists openly celebrate the death of objectivity arguing that they have a higher duty to reject the conservatism police speech and suppress news that contradicts the liberal narrative. Now on the heels of his magisterial volume Against the Great Reset editor Michael Walsh presents Against the Corporate Media a collection of more than forty essays on the decline and fall of the American and international news media. The book's list of distinguished contributors includes Lance Morrow Andrew Klavan John O Sullivan Elizabeth Nickson Monica Crowley Charlie Kirk Glenn Reynolds Steven F Hayward John Fund Armond White Michael Ramirez Walsh and others. Readers around the world deserve to know how badly their media has been corrupted how eagerly they have embraced the role of official propagandists and what a threat to democracy they have become. This book marks an important strike against the corporate media and its unholy alliance with the enemies of freedom everywhere

Gospel Thrillers Andrew S. Jacobs,2023-11-30 What if the original teachings of Jesus were different from the Bible's sanitized orthodox version? What covert motivations might inspire those who decide what the text of the Bible says or what it means? For some who ask conspiratorial questions like these the Bible is the vulnerable victim of secular forces seeking to divest the USA of its founding identity. For others the biblical canon suppresses religious truths that could upend the status quo. Such suspicions surrounding the Bible find full expression in Gospel Thrillers a 1960s fictional genre that endures and still commands a substantial following. These novels imagine a freshly discovered first century gospel and a race against time to unlock its buried secrets. They also reflect the fears and desires that the Bible continues to generate. Andrew Jacobs reveals in his authoritative examination how this remarkable fictional archive opens a window onto disturbing biblical anxieties
