poems found in the Cotton Nero MS Pearl Cleanness Patience and Sir Gawain and the Green Knight as a composite text with a continuous narrative While it is widely accepted that the poems attributed to the Pearl Poet ought to be read together this book demonstrates that instead of being analyzed as four distinct though interconnected textual entities they ought to be studied as a single literary unit that produces meaning through its own intricate internal structure Piotr Spyra defines the epistemological thought of Saint Augustine as an interpretive key which when applied to the composite text of the manuscript reveals a fabric of thematic continuity This book ultimately provides the reader with a clear sense of the poet s perspective on the nature of human knowledge as well as its moral implications and with a deeper understanding of how the poems bring the theological and philosophical problems of the Middle Ages to bear on the individual human experience

*Poems Edited with Introductions, Various Readings and Notes by J. Schipper* William Dunbar,1891 **Poetry and Vision in Early Modern England** Jane Partner,2018-04-09 This book reveals the ways in which seventeenth century poets used

models of vision taken from philosophy theology scientific optics political polemic and the visual arts to scrutinize the nature of individual perceptions and to examine poetry s own relation to truth Drawing on archival research Poetry and Vision in Early Modern England brings together an innovative selection of texts and images to construct a new interdisciplinary context for interpreting the poetry of Cavendish Traherne Marvell and Milton Each chapter presents a reappraisal of vision in the work of one of these authors and these case studies also combine to offer a broader consideration of the ways that conceptions of seeing were used in poetry to explore the relations between the inward life of the viewer and the outward reality that lies beyond terms that are shown to have been closely linked through ideas about sight with the emergence of the
