The Choosing People Voting Behavior In Israel:

The Choosing People Alan Arian, 1973 The Oxford Handbook of Israeli Politics and Society Reuven Y. Hazan, Alan Dowty, Menachem Hofnung, Gideon Rahat, 2021 Few countries receive as much attention as Israel and are at the same time as misunderstood The Oxford Handbook of Israeli Politics and Society brings together leading Israeli and international figures to offer the most wide ranging treatment available of an intriguing country It serves as a comprehensive reference for the growing field of Israel studies and is also a significant resource for students and scholars of comparative politics recognizing that in many ways Israel is not unique but rather a test case of democracy in deeply divided societies and states engaged in intense conflict The handbook presents an overview of the historical development of Israeli democracy through chapters examining the country's history contemporary society political institutions international relations and most pressing political issues It outlines the most relevant developments over time while not shying away from the strife both in and around Israel It presents opposed narratives in full force enabling readers to make their own judgments **Electoral Politics in the Middle East** Jacob M. Landau, Ergun Özbudun, Frank Tachau, 2015-07-24 Comparative political study of the Middle East got off to a late start Unlike any previous studies in comparative politics this book first published in 1980 represents an important methodological advance in that it proceeds by themes rather than by countries and uniquely focuses on three major aspects of electoral politics in three contemporary Middle Eastern states The three countries Turkey Lebanon and Israel are chosen because they are the only Middle Eastern countries with a tradition of free elections On the other hand they also display certain characteristics found in other non competitive Middle Eastern political systems such as the role and prominence of religion The study is based on extensive original research and presents the first comparative treatment of electoral issues voting behaviour and parliamentary elites emphasising the context of rapid socio economic change a theme particularly pertinent to those countries with their tradition of free elections The variety of political behaviour within the countries concerned coupled with the prevailing complexities resulting from disparities in language and cultural inheritance makes the comparative approach particularly revealing The attitudes and behaviour of the voters can be seen to be at least as important as the laws and mechanisms involved **Classics in Voting Behavior** Richard G. Niemi, Herbert F. Weisberg, 1993 Now back in print this reader brings together the best work in the study of American voting behavior It's contents from the 1950s mid 1980s include election turnout political sophistication vote determinants congressional and state elections party identification and historical perspectives **Israeli Identity** Lilly Weissbrod, 2014-05-22 This thoroughly researched book reveals the true identity of the modern Israeli Israelis are unique in having changed their identity three times in only one hundred years Written in a user friendly style the book will appeal to scholars and students of the Middle East **The Elections in Israel, 1973** Alan Arian, 1975 **Controversies in Voting Behavior** Richard G. Niemi, Herbert F. Weisberg, 1984 Sixteen newly selected readings from 1992 2001 examine US debates and data on six key

issues why voter turnout continues to be low the impact of public lack of political information what determines the vote voters seeming preference for divided government how politics affects party identification and the party system in transition Political scientists Niemi U of Rochester and Weisberg Ohio State U provide section introductions c Book News Inc **The Elections in Israel, 1984** Alan Arian, Michal Shamir, 1986 **Studies of Israeli Society: The sociology of religion in Israel : Israeli Judaism** ,1995 **AMERICAN JEWISH YEAR BOOK 1976 VOLUME 76** MORRIS FINE, 1975

Government and Politics in Israel Norman L. Cigar, 1979 **Israeli Politics in the 1990s** Bernard Reich, Gershon Kieval, 1991-11-30 What are the key factors that have transformed the Israeli political center and how will they shape Israel's role in the Middle East in the 1990s Well known experts join the editors Reich and Kieval in giving a unique picture of current and future trends in Israeli politics focusing on the movement of the Israeli body politic to the right of center and the growing hold of Likud They define future prospects taking into account foreign policy economic and demographic issues Academics policymakers and journalists will find this volume indispensable to understanding the critical role that Israel will play in the Middle East in the next decade and how domestic politics in Israel will define that role This survey of political developments by eleven authorities is based on a study of the latest events on long reflection and on two conferences that brought together sixty of the most knowledgeable experts on the Middle East today drawn from the academic world and from various U S government departments and agencies This analysis of political trends assesses Likud's centrality in the governmental system the role of religious and settler movements the linkage of domestic politics to the question of Arab Israeli peace and the future of the West Bank and the Gaza Strip and demographic attitudinal and other factors that affect political leadership and decisionmaking The influx of Jewish immigration to Israel from the Soviet Union is viewed in terms of future implications as well A detailed bibliography is provided **The Logic of Democratic Exclusion** Rebecca B. Kook, 2002 Kook makes the provocative argument that membership in democracies is inherently exclusionary and that national exclusion is a tacit requirement for successfully democratic regimes The Jerusalem Quarterly , 1976

Berkeley Journal of Sociology , 1976 Comparative Politics , 1975 *Plural Societies* , 1989 **Middle East Bibliography** Sanford R. Silverburg, 1992-06 Middle East Bibliography contains over 4 400 entries of books most of which have been published after 1980 giving this volume a definite contemporary flavor The materials are for the most part English language but include many entries in other Western European languages such as French and German and fewer in the Middle East languages of Arabic Hebrew and Turkish There was a special effort to be as inclusive as possible on popular topics such as the Salman Rushdie affair and women in the Arab world This bibliography was compiled with the aim of providing diverse topics of interest dealing with the region in the Middle East its people and its cultures to a wide range of interested people scholars to laypeople *Political Culture in Israel* Eva Etzioni-Halevy, Rina Shapira, 1977 Religion in Social Life Among Jewish Israelis Maidie R. Golan, 1994 This dissertation explores how Jewish Israeli constructed amongst

themselves experientially real Religiously Informed social borders Building upon numerous previous works that draw from documentary or survey data to explore israeli jewish religious border making as seen from a global perspective this work uses detailed ethnographic material in particular life stories and personal narratives to examine the multiple processes constructing these boundaries as seen from the less considered local perspective
