**Demonstration Project with the Cartier Railway Company** L. C. Tait, 1982 *Socially Engaged Art after Socialism* Izabel Galliera, 2017-05-30 Reclaiming public life from the ideologies of both communist regimes and neoliberalism their projects have harnessed the politically subversive potential of social relations based on trust reciprocity and solidarity Drawing on archival material and exclusive interviews in this book Izabel Galliera traces the development of socially engaged art from the early 1990s to the present in Bulgaria Hungary and Romania. She demonstrates that in the early 1990s projects were primarily created for exhibitions organized and funded by the Soros Centers for Contemporary Art. In the early 2000s prior to Bulgaria Hungary and Romania entering into the European Union EU institutions likewise funded socially conscious public art in the region. Today socially engaged art is characterised by the proliferation of independent and often self funded artists initiatives in cities such as Sofia Bucharest and Budapest. Focusing on the relationships between art social capital and civil society Galliera employs sociological and political theories to reveal that while social capital is generally considered a mechanism of exclusion in the West in post socialist contexts it has been leveraged by artists and curators as a vital means of communication and action

**Angels Beneath the Surface** Mitja Cander, Tom Priestly, 2008-03-18 With a per capita publishing rate of more than three times that of the United States Slovenia has a long and storied literary history from the legendary 9th century Freising Manuscripts to postmodern masterpieces by Igor Bratoz. Continuing that tradition Angels Beneath the Surface the first collection of Slovene fiction to be published in English outside of Slovenia since 1994 offers a rich sampling of Slovene short stories. The thirteen tales here represent a wide array of voices and writing styles among the country's renowned and emergent writers. Written between 1990 and 2005 the selections in Angels Beneath the Surface together comprise a vivid snapshot of Slovene literary consciousness at the turn of the millennium. These authors mine their culture for often startling insights in stories that range from wicked variations on fairy tales to dour romances to skewerings of the bureaucratic state. Recent articles in The New Yorker The New York Times Book Review and other prominent publications attest to renewed interest in European literature in translation and this collection is an incisive entry in the genre
