"The" Case for the UFO M. K. Jessup,1973 **The Case for the UFO** Morris K. Jessup,1955 **The Case for the UFO**
- Varo Edition M. Jessup,1957-08 The INFAMOUS Annotated Version of The Case for UFOs by Morris Jessup In 1957 Morris Jessup was approached by two mysterious Naval officers who informed Jessup that a man who called himself Carlos Allende had extensively annotated Jessup's seminal book The Case for the UFO with a bizarre commentary involving time travel electromagnetic forces even the teleportation of a battleship The story already a little strange was made even more peculiar when he discovered that the Office of Naval Research took things much much further even going the trouble of re printing this annotated version for limited distribution within the Office of Naval Research They even used multi colored inks to simulate the pens used in the handwritten notes This book printed by the Varo Manufacturing Company of Garland Texas is now known as the infamous Varo Edition **The Case for the UFO: Unidentified Flying Objects** Morris Jessup,2015-10-16 This is the 2016 Edition of the classic book that brought the legend of the Philadelphia Experiment into the public sphere and created saucer controversy for decades The Case For the UFO Why has this book been suppressed for so many years It is a well reasoned review of the UFO record by an eminent astromomer mathematician and archaeologist Dr M K Jessup His conclusions are breathtaking and incredible but inescapable This special reprint edition features not only the familiar introduction by Frank Edwards but also the lost introduction by noted zoologist Ivan T Sanderson as well as cover design based on publisher Gray Barker's original concept Description from the dust jacket Flying saucers are not new For thousands of years men have seen mysterious objects in the skies Now a prominent scientists proves that unidentified flying objects originate here on Earth If you have ever wondered about the things today's scientists do not will not or cannot explain this book is for you Such questions might be What is the hidden meaning of the comet's tail What caused the Devil's Footprints of Devonshire Why are we wrong to think of space flight only in terms of rocket power How was a soldier teleported from the Phillipine Islands to Mexico City within one hour What force lifted 1200 ton stones in ancient Peru How is acceleration achieved by UFOs What caused the disappearance of the crews of the SS Sea Bird and the Marie Celeste Was the secret of space flight known 50 000 years ago What is the strange truth hidden in the ancient ruins of Baalbek And finally and most importantly Are the UFOs friend or foe This original edition of The Case For the UFO does NOT include the scrawled annotations of the infamous Carlos Allende who may or may not have tormented Jessup into committing suicide You will find this version much easier to read than the Varo Edition and probably much more meaningful *The New Science of the Ufo* Kenneth W. Behrendt,2013-05-10 The New Science of the UFO now completes author and researcher Kenneth W Behrendts groundbreaking trilogy on the subject of UFOs It contains a complete scan of all 24 issues of a previously out of print privately published typescript UFO research journal titled Annals of Ufological Research Advances or AURA for short which was the basis for his first two volumes Secrets of UFO Technology and The How and Why of UFOs Practically every

conceivable facet of the UFO enigma was explored in the pages of AURA at a level of scientific detail that was unprecedented in the field of ufology Those able to obtain some of the limited number of copies of each issue available to the public learned all about such exotic topics as the sources of the mysterious glows that envelope nocturnal UFOs why some malfunctioning UFOs must eject liquid metals in order to correct their propulsion system problems how alien crews tap our earthly electrical power grids to recharge their scout craft the nature of the mysterious angel hair and devil jelly residues left by hovering craft how alien paralysis weapons are used for their personal defense and how crews protect their mother ships from attack how alien telepathy works how the living space creatures known as zerooids can biologically duplicate UFO capabilities and much much more The material in AURA was intended for the most serious of ufologists seeking ultimate and satisfying answers to the mysteries that they were exploring Now for the first time in almost two decades these answers are again available for a new generation of researchers [The Case for the UFO: Unidentified Flying Objects](#) M. The Saucerian

Gabriel McKee, 2025-04-22 The strange but true biography of the colorful founder of Saucerian Books a central purveyor and promoter of flying saucer and conspiracist knowledge in the mid twentieth century Gray Barker 1925 1984 was an eccentric literary outsider filled with ideas that were out of step with the world An author and unreliable narrator of implausible stories Barker founded and operated Saucerian Books an independent publisher of books about flying saucers and other ideas at the fringes of popular discourse In The Saucerian Gabriel McKee tells the fascinating story of Barker s West Virginia based press the unique corpus of materials it published and how office copying and self publishing techniques influenced the spread of paranormal beliefs and conspiratorial worldviews over the last century Following the development of UFO subculture McKee explores the life and career of a larger than life hoaxter and originator of pseudoscientific ideas Ever an entertainer Barker established his reputation with one of the first flying saucer fanzines The Saucerian and with his first book the conspiratorial and sensationalistic They Knew Too Much about Flying Saucers By the close of the 1950s he had established a publishing imprint that brought out some of the strangest UFO related books of the era with a particular emphasis on flying saucer contactees Saucerian Books became a platform for those whose stories were too unusual implausible or crudely written for more mainstream publishers Though Barker himself was a skeptic he viewed the world of occult believers as a source of ongoing entertainment He also may have used the perceived eccentricity of flying saucer research or ufology to obscure his homosexuality from his small town neighbors From his place on the fringes of midcentury American culture Barker left an unmatched legacy in conspiratorial concepts that have become prominent pop cultural folklore including the Men in Black the Mothman and the Philadelphia Experiment As a mastermind behind the fantastical Barker s promotional efforts were the precursor to contemporary conspiracism
