Napping Cats are the ultimate masters of napping and their ability to find the most absurdly small spaces to curl up in is nothing short of a miracle I mean have you ever seen a cat squeeze itself into a box that's clearly three sizes too small It's like watching a magician perform a trick except instead of pulling a rabbit out of a hat they're somehow folding their entire body into a shoebox You've got to give them credit for their flexibility but really it raises the question what is it about small spaces that makes cats think Ah yes this is the perfect spot for a snooze Take my cat Whiskers He's a hefty little guy not exactly the poster child for feline agility yet he has this uncanny ability to turn into a contortionist when he spots a cozy nook I once watched him climb into a cardboard box that was meant for a pair of shoes I stood there mouth agape as he squished himself in paws splayed out and somehow managed to fit It was as if he was channeling his inner origami artist folding himself into a shape that defied the laws of physics I half expected him to emerge with a tiny hat and a bowtie ready for a formal event And then there's the laundry basket Oh the laundry basket It's like a five star hotel for cats Whiskers will leap into that thing and suddenly it's like he's found the softest warmest cloud in the universe But here's the kicker he doesn't just lie down No he has to dig himself in burrowing deeper and deeper until he's completely hidden You'd think he was preparing for a winter hibernation rather than a quick nap I can't help but wonder if he thinks he's camouflaging himself like some kind of furry ninja If I can't see you you can't see me he seems to be saying while I'm left wondering how I can possibly do laundry with a cat in residence And then there are the truly bizarre choices The other day I found him napping inside a plastic bag A plastic bag I mean what's next A nap in the toaster I can just picture it Whiskers what are you doing Just getting my beauty sleep Mom This is the latest trend in cat napping It's like he's trying to prove a point You humans think you need a comfy bed Pfft I'll show you how to nap like a pro
