The Cathars Reincarnation:

The Cathars & Reincarnation Arthur Guirdham, 1970 This book is the factual record of a woman who through dreams and impressions in waking consciousness remembers her life in the thirteenth century As a story of reincarnation it is unique because in reading it we are not depending on the honesty or suggestibility of the person providing the evidence What she says can be proved The author of this book is a doctor of medicine a psychiatrist trained to distinguish between fantasy and reality and endowed with a sceptical nature In investigating this case he played no active psychiatric role but limited himself to acting as an amateur historian to check up the patient's statements This he did with great care It involved consultation with authorities of international repute This woman was a heretic a Cathar in the Midi of France in the thirteenth century To the British public of today little enough is known of this heresy Twenty five years ago our knowledge of Catharism was infinitesimal Yet at this time as a schoolgirl the subject of this book was able to recall in writing items of Catharism as yet unknown to the savants She was also able to place accurately in their family and social relationships people who were by no means historical characters who do not appear in the text books but who we can ultimately trace by going back to the records of the Inquisition For example the central character in her recollections had a sister The writer began his researches knowing only her Christian name He has now pinpointed the very day more than seven hundred years ago when she appeared before the Inquisition He has also discovered the names of her family and collaborators The reader will see how remarkably the author's findings coincide with what was revealed to this patient What happened to a small circle in the Languedoc seven centuries ago was remembered and recorded by an English schoolgirl in her early teens front flap

The Cathars and Reincarnation Arthur Guirdham, 1982 **The Cathars and Reincarnation** Arthur Guirdham, 1982 **The Lost Teachings of the Cathars** Andrew Phillip Smith, 2015-11-24 A deep dive into the history culture and legacy of the medieval Christian dualist movement Catharism as seen in popular novels by Dan Brown and Kate Mosse Centuries after the brutal slaughter of the Cathars by papally endorsed Northern French forces and their suppression by the Inquisition the medieval Cathars continue to exert a powerful influence on both popular culture and spiritual seekers Yet few people know anything of the beliefs of the Cathars beyond vague notions that they believed in reincarnation were vegetarians were somehow Gnostic and had some relation to Mary Magdalene The Lost Teachings of the Cathars explores the history of this Christian dualist movement between the twelfth and fourteenth centuries offering a sympathetic yet critical examination of its beliefs and practices In addition to investigating the Cathars origin their relationship to Gnosticism and their possible survival of the Inquisition author Andrew Philip Smith also addresses theories and figures from the Cathars recent past Eccentric esotericists initiated a neo Cathar revival in the Languedoc which inspired the philosopher Simone Weil The German Otto Rahn the real life Indiana Jones believed that the Cathars were protectors of the Holy Grail and received support from Heinrich Himmler Meanwhile English psychiatrist Arthur Guirdham became convinced that he and a circle of patients had all

been Cathars in previous lives Tourists flock to the Languedoc to visit Cathar country Bestsellers such as Kate Mosse timeslip novel Labyrinth continue to fascinate readers But what did the Cathars really believe and practice **Near-Death**

Experiences and Reincarnation in History Enzo George,2019-07-15 There are endless phrases and theories about what happens when we are on death s door Your life flashes before your eyes You see a bright light The truth is no one can say for sure what happens when we leave this world This enlightening volume will keep readers turning pages with absorbing accounts that detail the claims of reincarnation and seeing visions of our past lives Readers learn of near death experiences that include seeing the future and speaking with dead loved ones Readers can decide is death the final destination or just one stop of many The Lost Teachings of the Cathars Andrew Philip Smith,2015-11-19 Centuries after their brutal slaughter by

the northern French forces and their suppression by the inquisition the Cathars continue to exert a powerful influence on both popular culture and spiritual seekers But what did they really believe and practise Tourists flock to the Languedoc to visit Cathar Country yet few people know anything of the beliefs of the Cathars beyond vague notions that they believed in reincarnation were vegetarians were somehow Gnostic and has some relation to Mary Magdalene The Lost Teachings of the Cathars explores the history of this Christian dualist movement between the 12th and 14th centuries offering a sympathetic yet critical examination of its beliefs and practices **Dante the Heretic: An Exploration of Cathar Beliefs in the**

Divine Comedy Maria Soresina,2026-03-10 The purpose of this book is to demonstrate that Cathar doctrine is the main source of Dante s poem and to encourage readers to approach this work with fresh eyes beyond the interpretative frameworks that are often worn With detailed references to Dante s text persuasive arguments lucid and concrete exposition and a direct and easy to follow style Maria Soresina progressively presents the links between the Divine Comedy and Catharism which she has been investigating since the end of the last century The text analyzes Cathar characters with respect to the doctrine The Cathars were Christians but their beliefs were very different from those of the Catholic Church The author analyzes their philosophy followed by verses of Dante that demonstrate agreement with it and distance from the Catholic Church In addition to the great doctrinal questions there are many Cathar beliefs and customs all of which such as their being vegetarians find precise confirmation in the verses of the Divine Comedy The Cathars had only one sacrament the consolamentum A long chapter is dedicated to demonstrating that Dante s journey through Purgatory corresponds to the various phases of this sacrament within which the figure of Beatrice has a particular meaning a woman whom Dante probably never met and never loved This text offers non Italian speaking readers the chance to engage with these interpretive theories destabilizing the canonical criticism and forcing a re examination of sources and historical context **The Lost Teachings**

of the Cathars Andrew Philip Smith,2016-09-22 Andrew Phillip Smith is editor of The Gnostic and the author of several books on Gnosticism esotericism and early Christianity including the first ever dictionary of Gnosticism He has also written for New Dawn Fortean Times and the Guardian **We Are One Another** Arthur Guirdham,2011-08-31 This book describes

how a group of people who had lived and suffered together in the 13th century re assembled in the 20th century in a limited area in the west of England Independently of each other these people tuned in with the piercing accuracy of searchlights to the same tragic events in the Languedoc in the years 1242 to 1244 One of the most remarkable features of the book is the description of sketches made by a child of seven It is clear that in these she too was remembering the same tragic years Of this circle of people alive in the 20th century the author has discovered the mediaeval names and roles of seven of the eight involved Though born with a highly developed critical faculty the author regards the material revealed to him as unique He has written this book to record faithfully an astounding experience and to fulfil the obligation laid on him to provide proof not only of group reincarnation but of the indestructibility of the human psyche **Reincarnation** Joseph Head,S. hauntings and even astrology In the second part he considers the paranormal in religion including near death experiences exorcism and reincarnation In the third part he examines specifically Christian experiences including visions and the extraordinary experiences of mystics He even suggests that the paranormal is to be found in the scriptures This remarkable book which includes interviews with those who have experienced the paranormal should prove to be irresistible reading
