## **The Celebrity Fitness:**

*The Celebrity Fitness Book* Wendon Swift, 1983-01-01      **Arthur Lessac's Embodied Actor Training** Melissa Hurt, 2014-03-05 Arthur Lessac's *Embodied Actor Training* situates the work of renowned voice and movement trainer Arthur Lessac in the context of contemporary actor training. Supported by the work of Constantin Stanislavsky and Maurice Merleau-Ponty's theories of embodiment, the book explores Lessac's practice in terms of embodied acting, a key subject in contemporary performance. In doing so, the author explains how the actor can come to experience both skill and expression as a subjective whole through active meditation and spatial attunement. As well as feeding this psychophysical approach into a wider discussion of embodiment, the book provides concrete examples of how the practice can be put into effect. Using insights gleaned from interviews conducted with Lessac and his Master Teachers, the author enlightens our own understanding of Lessac's practices. Three valuable appendices enhance the reader's experience. These include a biographical timeline of Lessac's life and career, sample curricula, and a lesson plan for teachers at university level explorations for personal discovery. Melissa Hurt is a Lessac Certified Trainer and has taught acting and Lessac's voice, speech, and movement work at colleges across the United States. She has a PhD from the University of Oregon and an MFA from Virginia Commonwealth University.

**Twentieth Century Actor Training** Alison Hodge, 2000 THE SECOND EDITION OF THIS TITLE ENTITLED ACTOR TRAINING IS NOW AVAILABLE. Actor training is arguably the central phenomenon of twentieth century theatre making. Here for the first time the theories, training exercises, and productions of fourteen directors are analysed in a single volume, each one written by a leading expert. The practitioners included are Stella Adler, Bertolt Brecht, Joseph Chaikin, Jacques Copeau, Joan Littlewood, Vsevolod Meyerhold, Konstantin Stanislavsky, Eugenio Barba, Peter Brook, Michael Chekhov, Jerzy Grotowski, Sanford Meisner, Wlodimierz Staniewski, Lee Strasbourg. Each chapter provides a unique account of specific training exercises and an analysis of their relationship to the practitioners' theoretical and aesthetic concerns. The collection examines the relationship between actor training and production and considers how directly the actor training relates to performance. With detailed accounts of the principles, exercises, and their application to many of the landmark productions of the past hundred years, this book will be invaluable to students, teachers, practitioners, and academics alike.

**Mask Improvisation for Actor Training & Performance** Sears A. Eldredge, 1996 Because mask improvisation work is relatively new in American theater training, this book is designed not only to acquaint readers with the theory of mask improvisation but to instruct them in the techniques of method as well. Featuring dozens of improvisational exercises in the innovative spirit of Viola Spolin and supplemented with practical appendices on mask design and construction, forms, and checklists, and other classroom materials, this book is an invaluable tool for teacher and student alike, as well as compelling reading for anyone interested in acquiring a deeper understanding of masks as agents of transformation, creativity, and performance.
