frequently confront Its thesis is this A professional military ethic depends ultimately upon the formation of responsible character in and by its leaders for that sound education is a necessity ROTC and senior professional military education depend therefore upon challenging serious and substantial academic experiences In the end the American military ethic is a function of the wisdom and virtue learned and taught by its officers This volume will be of great interest to active duty military professionals students of military history and veterans of the Vietnam era Inventing Grand Strategy and Teaching Command Jon Tetsuro Sumida,1997 Between 1890 and 1913 Captain Alfred Thayer Mahan published a series of books on naval warfare in the age of sail which established his reputation as the founder of modern strategic history But according to former Guggenheim Fellow Jon Tetsuro Sumida Mahan did not advocate national naval supremacy but instead believed that a multinational naval consortium could best defend international trade **Proceedings - United States Naval Institute** United States Naval Institute,1987 **The Best Books for Academic Libraries: General works, military & naval, library science** ,2002 **Military Justice and the Conduct of Operations** Edward B.
