The Child Analyst At Work:

The Child Analyst at Work Elisabeth Rozetta Geleerd, 1967 **Lacanian Psychoanalysis with Babies, Children, and Adolescents** Stephanie Farrelly Quinn, Carol Owens, 2018-03-29 Lacan did not say or write very much about the psychoanalysis of children There is no doctrine of the psychoanalysis of children in his work Instead his 1956 1957 seminar on the object relation and his Note on the Child of 1969 have been adopted by Lacanian analysts working with children as providing essential coordinates for direction in their clinical work This book is the result of inviting psychoanalysts of the Lacanian orientation working with children around the globe to theorise and conceptualise that work The Lacanian psychoanalyst works with the notion of the subject as a speaking being but the child subject brings particular exigencies to the psychoanalytic work Contributors attend to these exigencies in their essays by articulating the precise particularities of the direction of the treatment and psychoanalytic work with children **A History of Child Psychoanalysis** Claudine Geissmann-Chambon, Pierre Geissmann, 1998 Claudine and Pierre Geissmann trace the history and development of child psychoanalysis over the last century and assess the contributions made by pioneers of the discipline **Arminda Aberastury's Theory and Technique of Child Analysis** Lea Sofer de Setton, Jill Savege Scharff, 2025-07-17 Arminda Aberastury's Theory and Technique of Child Analysis contains a selection of original chapters written by Arminda Aberastury that are each accompanied by a commentary from leading contemporary child analysts to show the continuing global relevance of Arminda's mid century work in Argentina The commentaries are written by authors from all over the world namely Minnie Dastur Judith Edwards Jeanne Magagna Elizabeth Palacios Joaquin Pichon Riviere Nydia Lisman Pieczanski Jill Savege Scharff David E Scharff Lea Sofer de Setton Alan Sugarman and Virginia Ungar The book is further enriched by an editorial introduction Foreword by Virginia Ungar and personal reminiscences from Arminda's son Joaquin Pichon Riviere Arminda is a woman whose voice needs to be heard She was at the forefront of developing child psychoanalysis in Argentina and created an interdisciplinary approach that influenced other professionals working with children in fields as diverse as pediatrics pediatric dentistry law and education The impact of her work spread to all over Latin America This book demonstrates her growth as a child analyst moving from a Freudian perspective closer to a Kleinian view of the stages of infant development assisted by her correspondence with Melanie Klein Within she provides a summary of Anna Freud and Melanie Klein's approaches to child analysis and examples of her own continuing research throughout her career The book is packed full of interesting theoretical concepts and case studies that detail her clinical technique and demonstrate her sensitivity and compassion in her work with children It is illustrated with black and white photographs of Arminda and line drawings from her work Jill Savege Scharff and Lea Sofer de Setton have performed a profound service to the field of child psychoanalysis by bringing Arminda Aberastury to a whole new audience Her work will inspire a whole new generation of child psychoanalysts and other professionals working with children **Technique in Child and Adolescent Analysis**
