## **The Christian Gnosis:**

Christian Gnosis Ferdinand Christian Baur, 2020-06-17 Baur published *Die christliche Gnosis* in 1835. It was his first great religious historical study and the most important book on Gnosticism published in the nineteenth century. It is now recognized as having a pivotal status in Baur studies. In it, Baur offers a unique thesis about a link between ancient and modern religious philosophy. Gnosis is a type of religious philosophy that contains ideas about the relationship between God, world, and human beings as expressed in concrete religious traditions and practices. As such, it makes an important contribution to Christian theology. In the first part, Baur develops a concept of gnosis in dialogue with his predecessors and contemporaries. He classifies the gnostic systems in terms of how they conceive the relationship of Christianity to Judaism and paganism and then describes them in detail: Valentinus, Ophites, Bardesanes, Saturninus, Basilides, Marcion, Pseudo-Clementines. Following transitional sections on the criticism of and reaction to gnosis in church history, the book ends with modern religious philosophy: Boehme, Schelling, Schleiermacher, and Hegel. Baur's first discussion of these major thinkers. This book was written over a hundred years before the manuscript discovery at Nag Hammadi, which awakened a lively interest in Gnosticism that continues to the present day.

The Christian Gnosis Charles Webster Leadbeater, 1983-01      **A Separate God** Simone Pétrement, 1990      **Christian Gnosis** C. W. Leadbeater, 2012-12-13

Then shall the candidate be bound upon the wooden cross. After the third day he shall be brought back from the dead and carried up to heaven to be on the right hand of Him from whom he came. Surprisingly, these lines are from an Egyptian initiation ritual thousands of years before the Christian drama. Linking the two is just one fascinating element in this profound introduction to esoteric Christianity as timely today as when it was first published in 1920. Famed clairvoyant Charles Webster Leadbeater was a bishop of the Liberal Catholic Church, which preserves the sacraments while interpreting the scriptures with maximum freedom. He quotes St. Augustine himself saying that what we now call Christianity emerged at the very beginning of humanity as the one true religion. To access its transformative force, Leadbeater returns to original teachings and decodes its story symbolically as a guide for direct knowledge of the Divine. As Christ had the Godhead behind Him, so have we the same power, although not yet unfolded as fully, he says. Nevertheless, it is only a question of development, and that development is certain. With the authority of a scientist and a mystic, he addresses such topics as the birth of Christ in the heart, God's utter love, divine grace, angelic help, the true meaning of salvation and reincarnation, and the evolution of the soul.

**Christian Gnosis** Ferdinand Christian Baur, 2023-01-26 Ferdinand Christian Baur's *Die Christliche Gnosis*, first published in 1835, is considered by many to be the most important book on Gnosticism published in the nineteenth century and is a pivotal work within Baur's canon. Baur's unique thesis of a link between ancient and modern religious philosophy, as well as his conception of Gnosticism developed through dialogues with his predecessors and contemporaries, consolidate *Christian Gnosis* as an important contribution to Christian theology. In this seminal work, written over a hundred years before the manuscript discovery at Nag Hammadi, Baur

classifies the gnostic systems in terms of how they conceive the relationship of Christianity to Judaism and paganism describing them in detail He then goes on to describe the criticism of and reaction to gnosis in church history before contending with the modern religious philosophy of his time discussing Boehme Schelling Schleiermacher and Hegel Christian Gnosis is Baur's first great religio historical study and Robert Brown's masterful translation ensures the work is as impactful today as it was on its first publication

**The Truth of Christian Gnosis** Jean Borella, 2023-09-03 For more than thirty years those zealous for a certain orthodoxy in Catholicism have denounced Jean Borella as a supporter of that most pernicious of Christian heresies gnosis Here he responds to his detractors not to refute their baseless accusations but to set before the eyes of readers the intricacies of a very complex topic To this end he retrieves and contextualizes findings from the history of religious ideas that attest to the scriptural foundation and rigorous orthodoxy of what St Paul himself calls gnosis a gnosis however freed from the Gnosticism that usurped its name He also distinguishes this truly Pauline gnosis from its various modern expressions which latter are subjected to attentive critical examination This book which ultimately is about recapturing the conditions and nature of a truly sacred knowledge comes at an opportune time in the afterglow of Pope Benedict XVI's recent reminder that authentic gnosis is a development of faith inspired by Jesus Christ in the soul united with him

**Gnosis of the Cosmic Christ** Malachi (Tau), 2005 Stunning revelations about the mysteries of creation the soul and God The noble idea of the Christian Kabbalah is not so much the worship of Jesus Christ but rather a conscious evolution toward a divine or super humanity In this regard Christian Kabbalah is quite different from its Jewish roots and Gnostic Christianity is very different from orthodox Christianity Both are about experiencing God and evolving toward God rather than just studying theology This groundbreaking work is the first to present the Christian Gnosis of the Kabbalah in a practical and deeply esoteric way It takes the reader from the basic ideas of the Kabbalah to in depth explorations of the Tree of Life Gnostic legends and myths of the Holy Mother St Lazarus St Mary Magdalene and Jesus are woven into the study of the Holy Sefirot as well as commentaries on the Ten Commandments and The Beatitudes of the Sermon on the Mount

Gnosis and Faith in Early Christianity Riemer Roukema, 1999 This text provides an up to date introduction to Gnosticism as it relates to early Christianity The author tries to make the reader

familiar with the themes and ingredients of Gnosticism without going directly into where they come from Part 1 provides general orientation Part 2 explores the religious and philosophical background Part 3 contains a more detailed discussion of Gnosticism and Gnostics Part 4 examines the relationship between Catholic Christianity and Gnosticism *Gnostic Religion in Antiquity* R. van den Broek, 2013-01-24 An examination of Gnostic religion in Late Antiquity within its historical and religious context using Greek Latin and Coptic sources **Pre-Christian Gnosticism** Edwin M. Yamauchi, 2003-10-14 One of the most important issues facing New Testament scholarship today is the issue of Gnosticism So wrote the author in 1973 in the first edition With the publication since then of the entire Nag Hammadi library this observation has become even more incisive Was there a pre Christian Gnosticism Did Gnosticism directly or indirectly influence nascent Christianity Many modern scholars argue that Gnosticism preceded the emergence of New Testament Christianity and constituted the raw material from which the apostles formed their message about Jesus The author here analyzes the evidence used to support this thesis He notes a series of methodological fallacies in the use of this evidence and concludes that clearly Gnostic materials are late and pre Christian materials are not clearly Gnostic A new chapter in this paperback edition brings the discussion up to date Church and Gnosis F. Crawford Burkitt, 2007-02-01 Originally presented as five lectures at Union Theological Seminary in New York this volume by F Crawford Burkitt considers the origins of Gnosticism within the context of early Christianity and apocalypticism Burkitt thinks that Gnosticism was an expression of ordinary Christianity in terms and categories that suited the science and philosophy of the day He holds that if we can make our way through the unfamiliar imagery to the ideas that they attempt to express some of these forms will appear thoughtful to us and will show kinship with some modern philosophical and psychological conceptions To him Gnosticism was a Christian product albeit a heretical one Nevertheless he views Gnosticism as a serious attempt to fill the void left by the failure of apocalypticism and the eschatological hope *Living Gnosis* Tau Malachi, 2005 Gnostic revival is growing in the United States and Europe as people are discovering the mystical roots of their own Western Tradition This easy to read deeply spiritual introduction to Gnostic Christianity helps beginners down the Gnostic path to esoteric insights and wisdom Focusing primarily on Sophian Gnosticism Tau Malachi explains the origins teachings and nature of this living tradition Readers also learn how to apply Gnostic practices such as affirmation positive thought and creative visualization in daily life More than a practical guide this text invites everyone to embark on a spiritual quest toward Spirit connection and self realization by way of Gnostic wisdom

**Studies in the New Testament and Gnosticism** George W. MacRae, 2007-09-01 George W MacRae SJ 1928 1985 was an internationally known scholar in the field of New Testament studies He received his doctorate from Cambridge University in New Testament studies taught New Testament at Weston School of Theology and was Stillman Professor of Roman Catholic Studies at Harvard University where he was serving as acting dean of the theology faculty at the time of his death He was a renowned scholar on the Gospel of John Book jacket **The Gnostics** David Brakke, 2011 Brakke writes a

pioneering study of the way the demon role relates to religious thinking and to cultural anxieties The author's sources include biographies of exceptional monks collections of monastic sayings and stories letters from ascetic teachers to their disciples sermons community rules and biblical commentaries When monks imagined the resistance that they had to overcome in cultivating their selves or the temptation that offered an easier path they saw supernatural beings that could take the shapes of animals women boys and false angels in their attempts to seduce monks away from their devotion to God And when they considered the inclinations in their own selves that opposed their best intentions they concluded that demons introduced such problematic thoughts to their minds Although the last twenty years has seen an explosion of scholarship on early Christian asceticism producing brilliant explorations of the body sexual renunciation fasting and gender combat with demons has been left relatively unexplored

**Pre-Christian Gnosticism** Edwin M. Yamauchi, 2003-10-14 One of the most important issues facing New Testament scholarship today is the issue of Gnosticism So wrote the author in 1973 in the first edition With the publication since then of the entire Nag Hammadi library this observation has become even more incisive Was there a pre Christian Gnosticism Did Gnosticism directly or indirectly influence nascent Christianity Many modern scholars argue that Gnosticism preceded the emergence of New Testament Christianity and constituted the raw material from which the apostles formed their message about Jesus The author here analyzes the evidence used to support this thesis He notes a series of methodological fallacies in the use of this evidence and concludes that clearly Gnostic materials are late and pre Christian materials are not clearly Gnostic A new chapter in this paperback edition brings the discussion up to date

**Gnosticism and the New Testament** PHEME PERKINS, 1993 The gnostic writings found at Nag Hammadi have stimulated much controversy about the relationship between early Christians and the diverse religious movement of the first three centuries Perkins fills the New Testament student's need for a guide to recent developments in scholarship with a helpful survey that addresses the origins of Gnosticism its relationship to Judaism Redeemer myths and New Testament hymns and other relevant topics

**Christian Gnosis** Wolfgang Smith, 2023-11-30 Basing himself principally upon the teachings of Saint Paul and the Clementine Stromata Wolfgang Smith distinguishes the idea of gnosis in nascent Christianity from its Gnostic counterfeit After his initial considerations of the implications of authentic gnosis for cosmology intimately connected to his work in the philosophy of physics he finds the same considerations have bearing upon the theological notion of creatio ex nihilo as well This crucial recognition leads the author to consider alternative formulations within the Judeo Christian tradition from Christian Kabbalah to Jacob Boehme and Meister Eckhart What emerges are the outlines of a Trinitarian nondualism definitive of Christian gnosis

**The gnosis of the mind, The hymn of Jesus** G. R. S. Mead, 2018-10-05 Just as many other settings of the Sayings and Doings of the Lord existed prior to and alongside of the canonical Gospels so were there prior to and alongside of the subsequently selected or canonical Acts many other narratives professing to record the doings and sayings of the Apostles and Disciples of the Lord Most of these originated in circles which were subsequently

called heretical and many of them were later on worked over by orthodox editors to suit doctrinal preconceptions and so preserved for the edification of large numbers in the Catholic or General Church As Lipsius says Almost every fresh editor of such narratives using that freedom which all antiquity was wont to allow itself in dealing with literary monuments would recast the materials which lay before him excluding whatever might not suit his theological point of view dogmatic statements for example speeches prayers etc for which he would substitute other formul of his own composition and further expanding and abridging after his own pleasure or as the immediate object which he had in view might dictate Some of these edited and re edited documents though for the most part they have come down to us in a very fragmentary condition still preserve distinct traces of their Gnostic origin and Lipsius has shown that their Gnosticism is not to be ascribed to third century Manich ism as had been previously assumed by many but to the general Gnosis of the second century What is Gnosticism? Karen L. King,2003 A study of gnosticism examines the various ways early Christians strove to define themselves in a pluralistic Roman society while questioning the traditional ideas of heresy and orthodoxy that have previously influenced historians
