The Portrait Of A Lady The Worlds Classics:

The Picture of Dorian Gray (World's Classics Series) Oscar Wilde,2019-12-18 Dorian Gray becomes the subject of a painting by artist Basil Hallward Dorian is selected for his remarkable physical beauty and Basil becomes strongly infatuated with Dorian believing that his beauty is responsible for a new mode of art The Picture of Dorian Gray is considered one of the last works of classic gothic horror fiction with a strong Faustian theme It deals with the artistic movement of the decadents and homosexuality both of which caused some controversy when the book was first published However in modern times the book has been referred to as one of the modern classics of Western literature

Adventures of Huckleberry Finn (World Classics, Unabridged) Mark Twain,2016-09-01 Mark Twain s story of a boy s journey down the Mississippi on a raft conveyed the voice and experience of the American frontier as no other work had done before When Huck escapes from his drunken abusive Pap and the sivilizing Widow Douglas with runaway slave Jim he embarks on a series of adventures that draw him to feuding families and the trickery of the unscrupulous Duke and Dauphin Beneath the exploits however are more serious undercurrents of slavery adult control and above all of Huck s struggle between his instinctive goodness and the corrupt values of society which threaten his deep and enduring friendship with Jim

The Portrait Of A Lady Henry James,2020-09-06 Under certain circumstances there are few hours in life more agreeable than the hour dedicated to the ceremony known as afternoon tea There are circumstances in which whether you partake of the tea or not some people of course never do the situation is in itself delightful Those that I have in mind in beginning to unfold this simple history offered an admirable setting to an innocent pastime The implements of the little feast had been disposed upon the lawn of an old English country house in what I should call the perfect middle of a splendid summer afternoon Part of the afternoon had waned but much of it was left and what was left was of the finest and rarest quality Real dusk would not arrive for many hours but the flood of summer light had begun to ebb the air had grown mellow the shadows were long upon the smooth dense turf

The Portrait of A Lady Henry James,2007-07-03 The Portrait of a Lady is Henry James s classic novel featuring the strong and spirited Isabel Archer the embodiment of women s independence and strength The heroine of this powerful novel often considered James s greatest work is the vivacious young American Isabel Archer Blessed by nature and fortune she journeys to Europe to seek the full realization of her potential or in modern terms to find herself but what awaits her there may prove to be her undoing During her journey wooers vie for her attentions including an English aristocrat a perfect American gentleman and a sensitive expatriate But it is only after the ingenue falls prey to the schemes of an infinitely sophisticated older woman that her life takes on its true form With its brilliant interplay of tensions and characters The Portrait of a Lady is a timeless and essential American novel With an Introduction by Regina Barreca and an Afterword by Colm T ib n

The Lady of Shalott in the Victorian Novel Jennifer Gribble,1983-12-01 **JUDE THE OBSCURE (World's Classics Series)** Thomas Hardy,2023-12-05 In Jude the Obscure Thomas Hardy presents a poignant exploration of

social class ambition and the constraints of conventional morality through the tragic life of Jude Fawley. This late Victorian novel characterized by Hardy's signature blend of realism and psychological depth critiques the rigid structures of society that ultimately stifle individual aspiration. The narrative unfolds with a richly textured prose style reflecting Hardy's keen observational lens and inherent empathy for his characters' plight while deftly navigating themes of forbidden love and intellectual fervor within a repressive cultural milieu. Thomas Hardy, a literary titan of the 19th century, drew on his own experiences growing up in a rural community in Dorset, England. With a background in architecture and a profound interest in literature, he experienced firsthand the societal constraints he eventually questioned in his works. The personal trials Hardy faced particularly surrounding issues of marriage and gender deeply informed his portrayal of Jude's doomed quest for knowledge and happiness, making this novel both a personal and cultural critique. *Jude the Obscure* is essential for readers seeking a profound understanding of the human condition amidst societal barriers. Hardy's nuanced characterizations and incisive critiques invite contemplation, making it a compelling read for those interested in classic literature, social commentary, or philosophical discourse. This edition in the World's Classics Series ensures the timeless relevance of Hardy's exploration of ambition and despair remains accessible.
