and plow combined flat irons and ice cream freezers What man woman or child of the 1890s could resist these offerings of
the Montgomery Ward catalogue the one book that was read avidly year after year by millions of Americans on farms and in
small towns across the nation The Montgomery Ward catalogue provides one of the few irrefutably accurate pictures of what
life was really like in the gay nineties for it described and illustrated almost anything that anybody could possibly need or
want in the way of store bought goods In fact in that pre department store era it was usually the only source for such goods
Imagine if Montgomery Ward had issued an illustrated catalogue in the days of Louis XIV or Elizabeth I or Charlemagne what
insights would we have into the daily life of the common folk the farmers and shopkeeper housewives and schoolchildren
what sources of information for historians and scholars collectors and dealers what models for artists and designers In 1895
Montgomery Ward was the oldest largest and most representative mail order house in the country The brainchild of a former
traveling salesman it issued its first catalogue in 1872 a one page listing of items By 1895 the catalogue reprinted here had
grown to 624 pages and listed some 25 000 items almost all of them illustrated with live drawings Montgomery Ward was by
then a multi million dollar business that profoundly affected the American economy and since it reached the most isolated
farms and backwoods cabins its effect on American culture was almost as great Now once again available it is our truest
most unbiased record of the spirit of the 1890s An introduction on the history of the Montgomery Ward Company and its
catalogue has been prepared especially for this edition by Boris Emmet Ph D Johns Hopkins a foremost expert on retail
merchandising His monumental work *Catalogues and Counters* has long been recognized as a landmark in the study of
