### **UFOs and the Extraterrestrial Contact Movement:**

**The extraterrestrial contact movement** George M. Eberhart,1986 *Encyclopedia of Cults, Sects, and New Religions*

James R. Lewis,2002 No Marketing Blurb **Odyssey of an Airhead** Malgorzata Duszak,2010-05-19 The book is written as a journal by a naive Catholic girl from Poland as she is thrown into the world where she discovers herself in the spiritual maze of beliefs and concepts She goes through life as it presents her with new experiences and she makes her way through them in the incessant longing to know and understand more She doesn t offer dry facts of what she discovers and believes she doesn t attempt to tell the readers what the truth is or what reality is all about She innocently and eagerly asks questions but not necessarily always gives the answers She is not anyone s teacher but through her personal odyssey spanning a period of about eight years she compels the casual reader to think just a little less casually The embracement of all human encounters philosophies and ways of living remains her key to the higher understanding of the experience of life Although perceived as an airhead by some she enthusiastically takes us through simple but large ideas the religious and spiritual concepts the humanity developed to explain the inexplicable Through her philosophical and esoteric growth the reader feels accompanied on their own inner search Being a part of life s journey toward the Absolute and going at the same time through the ordinary human experience full of pain and emotions qualifies anyone to talk about what unfolds along their way This time the journey is hers and she invites everyone to join

### **Encyclopedic Sourcebook of Ufo Religions** James R.

Lewis,2003-11 The macabre mass suicide by adherents of the Heaven s Gate Cult in 1997 was shocking and difficult to comprehend for most outsiders Their bizarre mindset which mixed New Age religion with belief in extraterrestrial visitation struck many as unique In fact as the contributors to this intriguing study show the belief in alien contact has had religious overtones since the first purported sighting of an unidentified flying object UFO in 1947 Moreover the religious dimensions of the UFO phenomenon may be the key to understanding the widespread appeal of this modern craze An expert in new religions Professor James Lewis has here brought together twenty insightful articles that cover the many variations of UFO based religions What the contributors demonstrate is that there are persistent and salient themes underlying the diversity of beliefs centered on the UFO phenomenon Harkening back to theosophy many groups have interpreted UFO sightings and

alleged contacts as attempts by alien ambassadors from a more advanced civilization to bring spiritual enlightenment to Earth where humanity is seen to be floundering in ignorance The extraterrestrial message is usually channeled through a charismatic human leader who then mobilizes a group around this New Age revelation The Encyclopedic Sourcebook of UFO Religions discusses the histories and beliefs of prominent UFO based sects looks at group dynamics and other sociological factors and presents selections from the unusual literature of the various groups This revealing and disturbing study shows that there is much more to the UFO phenomenon than simple curiosity about the possibility of life on other planets
