The Christ Child:

The Christ Child Maud Petersham, Miska Petersham, 1931 Passages from the King James edition recounting Christ's nativity and childhood are illustrated to show how Palestine and Egypt may have looked 2000 years ago **The Christ**

Child Maud Fuller Petersham, Maud Petersham, Miska Petersham, 1931 Illustrated top and lining papers in colors **The Christ Child in Medieval Culture** Theresa M. Kenney, Mary Dzon, 2012-01-01 The cult of the Christ Child flourished in late medieval Europe across lay and religious as well as geographic and cultural boundaries Depictions of Christ's boyhood are found throughout popular culture visual art and literature The Christ Child in Medieval Culture is the first interdisciplinary investigation of how representations of the Christ Child were conceptualized and employed in this period The contributors to this unique volume analyse depictions of the Christ Child through a variety of frameworks including the interplay of mortality and divinity the medieval conceit of a suffering Christ Child and the interrelationships between Christ and other figures including saints and ordinary children The Christ Child in Medieval Culture synthesizes various approaches to interpreting the cultural meaning of medieval religious imagery and illuminates the significance of its most central figure **The Quest**

for the Christ Child in the Later Middle Ages Mary Dzon, 2017-03-09 Beginning in the twelfth century clergy and laity alike started wondering with intensity about the historical and developmental details of Jesus' early life Was the Christ Child like other children whose characteristics and capabilities depended on their age Was he sweet and tender or formidable and powerful Not finding sufficient information in the Gospels which are almost completely silent about Jesus' childhood medieval Christians turned to centuries old apocryphal texts for answers In The Quest for the Christ Child in the Later Middle Ages Mary Dzon demonstrates how these apocryphal legends fostered a vibrant and creative medieval piety Popular tales about the Christ Child entertained the laity and at the same time were reviled by some members of the intellectual elite of the church In either case such legends so persistent left their mark on theological devotional and literary texts The Cistercian abbot Aelred of Rievaulx urged his monastic readers to imitate the Christ Child's development through spiritual growth Francis of Assisi encouraged his followers to emulate the Christ Child's poverty and rusticity Thomas Aquinas for his part believed that apocryphal stories about the Christ Child would encourage youths to be presumptuous while Birgitta of Sweden provided pious alternatives in her many Marian revelations Through close readings of such writings Dzon explores the continued transmission and appeal of apocryphal legends throughout the Middle Ages and demonstrates the significant impact that the Christ Child had in shaping the medieval religious imagination **Legends of the Christ Child** Christina
