The Carnation Tablet:

The Carnation Tablet Irene Vosbikian, 2001-07-31 A Young Woman discovers a worn Carnation Writing Tablet in a trunk filled with memorabilia from her recently deceased mother. It is a diary of sorts, daily letters written to her by her father, killed in action in World War II. When he learned that his wife was pregnant, the overtly emotional young man began writing letters to his unborn child. Often he told her the frightening things he couldn't tell his wife. The letters ended abruptly less than one month before she was born. Now, some twenty-five years later, the daughter discovers the tablet. She knows that she has read it before when she was a child. But why has this journal disappeared for so many years? Why, and for how long, has she forgotten it? Why had all the other memories of her lost father been stowed secretly away by her mother? As the young woman reads on, she falls in love all over again with the father she had once known. But the tablet unlocks much more than lost love. It stirs up clouded memories of unspeakable things and thrusts the young woman into a journey. The journey ends in a startlingly but strangely beautiful way. A current of delicious Italian American life flows throughout the novel as it skips from Philadelphia to New Mexico and on to the battlefields of Europe. Ultimately, Mary Chiavo must confront the past and bring her journey to its closure. The novel ends in Rimini, Italy, with an encounter of shocking and bizarre proportions. *The Carnation*
