The Changing West And Other Essays:

The Western Ideology and Other Essays Andrew Gamble, 2021-04-28 Capitalism may be teetering once again on the edge of a terminal crisis but there are no gravediggers in sight This time around not only are there no gravediggers there are no longer any rival economic systems either In The Western Ideology Andrew Gamble demonstrates the contradictions and the resilience of the doctrines that define liberal modernity and examines the contemporary possibilities for dissent and change This volume brings together for the first time this seminal essay with a collection of Andrew Gamble's writings on political ideas and ideologies which have been chosen by the author to illustrate the main themes of his writing in intellectual history and the history of ideas Themes include the character of economic liberalism and neoliberalism especially as expressed in the work of Friedrich Hayek as well as critiques from both social democratic and conservative perspectives and from critics as varied as Karl Marx Michael Oakeshott and Bob Dylan The collection includes a new autobiographical introduction notes on the essays and an epilogue putting the essays into the context of today's society Andrew Gamble provides a unique exploration of the debates and the ideas that have shaped our politics and Western ideology A companion volume of Andrew Gamble's essays After Brexit and Other Essays focusing on political economy and British politics is also available from Bristol University Press

Laurence Marcellus Larson, 2017-05-23 Excerpt from The Changing West and Other Essays I trust that Professor Larson will permit me to add that his friends and associates desired to bring out this book in honor of his election to the vice presidency and his forth coming elevation to the presidency of the American Historical Association When about a year and a half ago I ventured to suggest to him the idea of bringing together in book form some of his essays I was well aware of the fact that his previously published works were mainly in the field of English and early Norse history but I also knew of his deep interest in the story of the Norwegians in America and I expressed the hope that he would focus his attention Upon that subject He took kindly to the suggestion and the result is the present volume The norwegian american Historical Association feels honored in being permitted to sponsor the book and in doing so it offers its congratula tions to Professor Larson not only upon the high distinction that has come to him at the hands of the national historical organization but also upon the many and important con tributions that he has made to American historiography About the Publisher Forgotten Books publishes hundreds of
