The Art of Living a Life You Love Margaux Joy DeNador,2013-10 Margaux Joy DeNador a life coach outlines ways to make simple and consistent changes in life to enable people to feel a greater connection with loved ones to take time for what is important to them and to find more enjoyment in work

Whole Wendy Brumback,2012-04 The heart is meant to be whole and holy not filled with holes When we accept what happened to us we are changing the future not letting something change it for us We are opening ourselves up to a future where our heart is whole and our life is filled with God's love and grace We are on a path that leads us to a fulfilling life When we let God heal our wounds we are living the life we have always dreamt of Whole is meant to help you on your path of self discovery and healing To often our hearts have been beaten up by the tragedies of life But God does not desire for our hearts to be bruised and wounded by these events He

wants to help heal our scarred hearts and make them whole again

Out of My Mind Martha B. Wood,2014-02-17 OUT OF MY MIND is a delightful eclectic collection of engaging narratives by author Martha Wood These were developed as the authors mind was as she puts it Set free to play Written in short story style some of the anecdotes are amusing as in Funny Names or Things I Always Wanted to Do But Thank God I Haven't some serious like It Shouldn't Hurt or The N Word some fictional such as Elizabeth the Queen or Treasures from the Attic some poignant as in No One Ever Says Hi or Where Sorrow and Gladness Meet while yet others are instructive like Dealing with the Odor and Until We Eat Again For a little mystery there is The Gunslinger and Congratulations on a Dedicated Life All though give voice to thoughts set free and permitted expression

Success Made Simple: Life and the Law of Motion

Michael Weston,2013-10-09 Have you ever wondered why some people seem to have it all and others don't? Do you wish you knew the secrets to success? This book will answer these questions and much more. This book will show you that it's simple to live the life of your dreams. That what you need to know to be successful isn't taught in school. How life really works and how you can take control of it. How the Law of Motion determines the outcome of your life. How to define what success means to you. An easy to follow step by step process to live a successful life. A simple path to better health, relationships and finances. Before he retired, author Michael Weston was the founding CEO of a highly successful business. From a humble start with just four employees and no measurable income, the business grew to over 650 employees and more than 230 million in revenue. Along the way, the company became one of the fastest growing and most widely recognized and awarded organisations in its industry. Over the years, he has discovered, refined and simplified the practices that separate those who create successful lives from those who don't. By following a few simple principles, Michael has been able to create the life of his dreams. Now his guide puts to work his three decades of professional and personal successes and failures to help teach you how to realize your goals. You can seize control of your life and live the life you deserve to live. Michael's simple no-nonsense system helps you create the life you desire.

Greedy Business Leonard Amattey,2015-12-04 The book GREEDY BUSINESS is a satire directed at human behaviour particularly in regards to human priorities to choose between acts of humanitarianism and greed. The author notes that politics indeed is part and parcel of life but nowhere is it so vividly portrayed than in education and at the work place to satisfy human obsession with greed. Then he admitted I cannot deny my role in that but that cannot justify it. As individuals we allow Greed to Triumph Morality without humanitarian consideration for others in our efforts to improve quality of our life and that is inexcusable. This book is therefore about that aspect of human thinking that can justify individuals doing things to others that they would not like others to do them. I wonder how many of us find the necessity to take a step backward to explore the choices we have made to do the things we have done to others that we would not like to be done to us because if done to us they would likely destroy our quality of life. Yet some how some of us can justify some of the things we do to others as the result of the choices we have made without humanitarian consideration for them in the name of improving quality of our lives at the expense of our victims. Well I did take a step backward and my observations suggest that humans obsession with Greed confirms why we do the things to others that we would not like to be done to us. Our tendency to want more and more at the expense of others without humanitarian consideration for the quality of life of others has blinded our moral responsibility to be fair. The purpose of writing this book is therefore to share my observations and thoughts with others in the hope that they too may find the need to take a step backward and explore the choices made in the past to do certain things to others that they would not like others to do to them.

You Belong Here Kim Dabbs,2024-03-05 In a world overcrowded with labels don't allow your identity to be defined by other people. Learn how to

take back your power choose to feed the aspects of your identity that serve you and let go of those that don't Everyone feels like an outsider at some point in their life when we walk into a room and think to ourselves I don't belong here To avoid these feelings of exclusion many of us hide our authentic selves and allow others to define our identity You Belong Here offers a new framework that allows each of us to define how we want to be seen heard and valued on our own terms so we feel a sense of belonging in any situation Further it serves as a launchpad for organizational leaders and culture builders to create safe spaces for individuals to show up as their authentic selves Readers will explore our four identities Our Lived Identity is made up of the aspects of our identity we inherit when we are born into the world Our Learned Identity includes the parts of our identity that we've chosen or claimed as we make our way through the world Our Lingering Identity is the identity we default to when we feel like an outsider and fall back into as a survival mechanism Our Loved Identity is where we find our authentic selves and see ourselves through a lens of empowerment In the journey to understand our past experiences and how society has established barriers to entry we can design our own future rooted in our Loved Identity We learn to rewrite the stories that aren't serving us and embrace the ones that do Rather than look for a seat at someone else's table we find the tools to build our own When we fully leverage this and live with authenticity and purpose we can be seen heard and valued in a way that gives us a sense of belonging at home at work and in society Belonging is realized when we understand everyone is an outsider and it's the power to create space for those differences that unite us all

The Lost Revelation Ira Messenger, 2007-12 Providing us with the only known revelation of the Gospel according to substitution a new and exciting interpretation of biblical truth Ira Messenger is probably the most controversial theologian of our day Author of the books The Wrong Turn The Fourth Dimension and The Indictment Messenger is also a radio and television talk show host The Lost Revelation offers answers to questions that his listening audience has submitted What makes Messenger so controversial is his attack on the mantra of present day Christianity Messenger brings a different perspective to biblical interpretation one in which God takes the initiative in His relationship with humankind rather than simply observing and judging its actions Do yourself a favor and add the revelation of the Gospel of Substitution to your religious perspective You may find yourself questioning much of what you believed to be true about Christianity

The Choice Thomas E. Trask, Wayde I. Goodall, 1999 This stirring book urges believers to realize that everyone is responsible to reach the lost and that everyone can have the power to do all that God has asked them to do

Groups and Group Rights Christine T. Sistare, Larry May, Leslie Francis, 2001 In matters such as affirmative action or home schooling rights of ethnic and other minority groups often come into conflict with those of society in a culturally diverse population such as ours But before considering the dilemmas posed by these issues we must first ask such basic but important questions as what group rights are and how they intersect with the principles of democracy This new collection brings together some of today's leading thinkers from the cutting edge of these debates taking in a broad range of issues confronting philosophers sociologists and political scientists Contributors

such as Carl Wellman Carol Gould and Rex Martin examine the nature of groups and the conflict between group rights and democracy and also consider case studies depicting current issues in cultural ethnic and religious rights The first section on the nature of groups examines some of the perplexing alternatives in the formulation of a theory of group rights These articles investigate the kinds of rights minorities might claim and ask when groups can be held responsible for the acts of some of their members The second section addresses the treatment of groups in a democracy and the precarious balance between indifference toward minorities and capitulation to their demands Here the contributors examine five principles for the sensitive treatment of minority and disadvantaged groups in a democratic society A final section explores specific conflicts between subgroup and societal claims through case studies dealing with affirmative action religious practice and the education of children and the land rights of indigenous peoples By drawing on the legal and political dilemmas related to these cases the authors confront issues of core versus peripheral interests of individual member versus subgroup rights and of the possibilities for social openness raised in the preceding sections Written from varied perspectives Groups and Group Rights offers stimulating reading for both students and professionals as it takes on some of the most pressing dilemmas confronting our society
