

The Pope In Britain

Peter Jennings

The Pope In Britain:

The Popes and Britain Stella Fletcher, 2017-02-28 When the British thought of themselves as a Protestant nation their natural enemy was the pope and they adapted their view of history accordingly In contrast Rome's perspective was always considerably wider and its view of Britain was almost invariably positive especially in comparison to medieval emperors who made and unmade popes and post medieval Frenchmen who treated popes with contempt As the twenty first century papacy looks ever more firmly beyond Europe this new history examines political diplomatic and cultural relations between the popes and Britain from their vague origins through papal overlordship of England the Reformation and the process of repairing that breach

The Pope in Britain Peter Jennings, 1982 *The Popes and Britain* Stella Fletcher, 2019 When the British thought of themselves as a Protestant nation their natural enemy was the pope and they adapted their view of history accordingly In contrast Rome's perspective was always considerably wider and its view of Britain was almost invariably positive especially in comparison to medieval emperors who made and unmade popes and post medieval Frenchmen who treated popes with contempt As the twenty first century papacy looks ever more firmly beyond Europe this new history examines political diplomatic and cultural relations between the popes and Britain from their vague origins through papal overlordship of England the Reformation and the process of repairing that breach

Britain and the Papacy in the Age of Revolution, 1846-1851 Saho Matsumoto-Best, 2003 Britain's support for constitutional government in Italy and anxieties about the Irish Catholic Church brought Britain and the Papacy briefly together From the time of the Reformation Anglo Vatican relations have typically been seen as a long history of unending antagonism and mutual suspicion but this has not always been the case This book sheds light on one of the most curious episodes in early Victorian history when around the time of the 1848 revolutions in Europe a rapprochement almost developed between Britain and the papacy and British politicians and writers referred to the new head of the Catholic Church Pius IX as the good pope Integrating diplomatic political ecclesiastical and social history Saho Matsumoto Best traces the factors that brought these two traditionally hostile powers together and the reasons why this rapprochement was doomed to failure She demonstrates how the desire to support constitutional government in Italy and to curb the activities of the Irish Catholic church led the government of Lord John Russell to build a close relationship with Pius IX and how failure to understand the Vatican's priorities and anti papal and anti Catholic feeling in Britain particularly in the context of the restoration of the Catholic hierarchy in 1850 eventually destroyed this policy This study is an important and original contribution to the current debate about the nature of mid nineteenth century Britain and sheds new light on the British role in Italian unification It will also be of great interest to students of nineteenth century European international and ecclesiastical history and of the 1848 revolutions

British History and Papal Claims, from the Norman Conquest to the Present Day James Paton, 1893 *The British Controversialist*, 1859

The British Controversialist and Literary Magazine, 1859 **A Dictionary of the Anonymous and**

Pseudonymous Literature of Great Britain Samuel Halkett, John Laing, 1885 Calendar of Entries in the Papal Registers Relating to Great Britain and Ireland Great Britain.
