

Cleanth Books – a New Critic

- Cleanth Brooks, an active member of the New Critical movement, outlines the **use of reading poems through paradox as a method of critical interpretation.**
- Paradox in poetry means **that tension at the surface of a verse can lead to apparent contradictions and hypocrisies.**

Superfluous Southerners John J. Langdale, III, 2012-11-01 In *Superfluous Southerners* John J. Langdale III tells the story of traditionalist conservatism and its boundaries in twentieth century America Because this time period encompasses both the rise of the modern conservative movement and the demise of southern regional distinctiveness it affords an ideal setting both for observing the potentiality of American conservatism and for understanding the fate of the traditionalist man of letters Langdale uses the intellectual and literary histories of John Crowe Ransom Donald Davidson and Allen Tate the three principal contributors to the Agrarian manifesto *I'll Take My Stand* and of their three most remarkable intellectual descendants Cleanth Brooks Richard Weaver and Melvin Bradford to explore these issues Langdale begins his study with some observations on the nature of American exceptionalism and the intrinsic barriers which it presents to the traditionalist conservative imagination While works like Louis Menand's *The Metaphysical Club* have traced the origins of modern pragmatic liberalism during the late nineteenth century the nature of conservative thought in postbellum America remains less completely understood Accordingly Langdale considers the origins of the New Humanism movement at the turn of the twentieth century then turning to the manner in which midwesterners Irving Babbitt and Paul Elmer Moore stirred the imagination of the southern Agrarians during the 1920s After the publication of *I'll Take My Stand* in 1930 Agrarianism splintered into three distinct modes of traditionalist conservatism John Crowe Ransom sought refuge in literary criticism Donald Davidson in sectionalism and Allen Tate in an image of the religious wayfarer as a custodian of language Langdale traces the expansion of these modes of traditionalism by succeeding generations of southerners Following World War II Cleanth Brooks further refined the tradition of literary

criticism while Richard Weaver elaborated the tradition of sectionalism. However both Brooks and Weaver distinctively furthered Tate's notion that the integrity of language remained the fundamental concern of traditionalist conservatism. Langdale concludes his study with a consideration of neoconservative opposition to M. E. Bradford's proposed 1980 nomination as head of the National Endowment for the Humanities and its significance for the southern man of letters in what was becoming postmodern and postsouthern America. Though the post World War II ascendance of neoconservatism drastically altered American intellectual history, the descendants of traditionalism remained largely superfluous to this purportedly conservative revival which had far more in common with pragmatic liberalism than with normative conservatism.

The New Criticism Alfred J. Drake, 2014-07-03 This volume covers a variety of authors and topics related to the New Criticism school of the 1920s-1950s in America. Contributors trace the history of the New Criticism as a movement, consider theoretical and practical aspects of various proponents, and assess the record of subsequent engagement with its tenets. The volume will prove valuable for its renewed concentration not only on the New Critics themselves but also on the way they and their work have been contextualized, criticized, and valorized by theorists and educators during and after their period of greatest influence both in the United States and abroad. Literature of Tennessee Ray Willbanks, 1984 *Kakatiya Journal of English Studies*, 1985 **Humanities**, 1985
Critical Survey of Literary Theory: Authors, A-Sw Frank Northen Magill, 1987 *The Crisis in Criticism* William E. Cain, 1984 This book is a statement of my views on a number of problems in literary theory and contemporary criticism. But it is also as any theoretical study must be a progress report, a record of inquiry that has not yet concluded. In a sense a book on theory cannot really end. At a certain point work on it ceases even though one continues to think critically and skeptically about the problems and the solutions that the book contains. Preface p. xi *Forum*, 1985 *Ball State University Forum*, 1985 **Dictionary of Literary Biography Yearbook 1994** Matthew Bruccoli, 1995 Updates entries already published and supplements the Dictionary of Literary Biography series with entries on newly prominent writers. **Then & Now** Floyd C. Watkins, 1982 Taking a new approach to the study of Robert Penn Warren's imposing and still growing poetic canon, Floyd C. Watkins has found in the poems what he describes as a poetic autobiography unparalleled in American letters. Drawing on interviews with Warren, members of his family, and contemporaries from his hometown but keeping the poetry itself constantly at the center of his vision, Watkins shows how the poetry has grown from the experience of the boy and man and from his contemplation of his family's and his country's history. He traces through the poems a family chronicle moving from the frontier to the late twentieth century and set in a landscape that is clearly derived from the Kentucky of Warren's boyhood. The little town of Guthrie, divided by railroad tracks with its two burial grounds for whites and blacks, becomes in the poems a town of both memory and imagination, peopled by characters many of whom are recognizable to Warren's contemporaries. The images of a black man fleeing through swampy woods outside the town, of a grayfaced man who led a

lynch mob of a mad druggist making a list of people to poison all have counterparts in Guthrie's history. *Then and Now* is a revealing and provocative study of the poetic process in a poet who is thought of as the originator of the biographical fallacy.

World Authors, 1900-1950, 1996. Provides almost 2700 articles on twentieth century authors from all over the world who wrote in English or whose works are available in English translation. **The Manila Review**, 1978. **The Publishers Weekly**, 1975. *Book Forum*, 1976. The Conservative Press in Twentieth-Century America. Ronald Lora, William Henry Longton, 1999-10-30. Including representative journals for the 20th and late 19th centuries this book profiles the most significant conservative journals of the past century. From the rise of industrial capitalism when laissez faire conservatives praised bountiful America to the end of the Cold War these journals have covered a variety of topics from differing sometimes even contradictory points of view. Yet they speak to the richness and comprehensiveness of the conservative press in America. Together they provide a focused history of conservative thought in 20th Century America. Along with the companion volume on the 18th and 19th Centuries the book provides a valuable resource for students of the conservative press in America. Covering a variety of disparate journals the volume arranges them both chronologically and in sections reflecting the themes covered. Politics individualism isolationism anti Communism the New Right neoconservatism and public policy are featured in four of the sections while journals examining the issues of religious conservatism appear in sections devoted to Orthodox Protestant and Catholic journals. Yet another section focuses on journals dealing with literary and cultural topics. The remaining sections examine libertarianism traditionalist perspectives and extreme right wing publications. Each section is unified with an introductory essay exploring the connecting themes and issues. **Research Guide to Biography and Criticism**. Walton Beacham, 1985. Description and evaluation of the most important biographical autobiographical and critical sources published about 127 British American and Canadian writers. **Literary Criticism & Cultural Criticism**, 2006.
