## **The Power Of Greed:**

**Power & Greed** Philip Deane,2002 What has driven human beings throughout history This lively fascinating book deals with the nature of human greed and the eternal quest for power that in every era and culture has determined the outcome of world events In a fast track through time Gigant s introduces on the one hand the great rule makers for a just society such as Moses Solon Jesus and Muhammad and on the other the rule breakers or the Grand Acquisitors The latter use every trick to get more than their fair share from the warring chieftains of early societies to the robber barons of the nineteenth century and in our own times the emergence of the superpower states Gigant s examines the dramatic consequences of their actions from Crusades revolutions and the conquering of continents to wars recent events in the US and a world that is turning more and more into a global village

*Greed as Idolatry* Brian S. Rosner,2007-08-28

What are the origin and meaning of the words greed is idolatry found in Ephesians 5 5 and Colossians 3 5 In what sense are the greedy guilty of idolatry Many different answers have been given to this question throughout the history of interpretation In fact a consensus exists on only one score that the expression serves to vilify greed Brian Rosner ably takes on the challenge of interpretation by tackling the phrase as a metaphor structuring his argument around an intriguing comparison to mountain climbing From this vantage point he offers a thorough history of interpretation of the phrase including a study of the origin of the concept of idolatrous greed in biblical and Jewish sources Rosner concludes that the comparison of greed with idolatry teaches that to desire to acquire and keep for oneself more money and material things is an attack on God s exclusive right to human love trust and obedience With this work comes a stunning fresh understanding of familiar terms greed idolatry and even God challenging both the church as a whole and individual believers to consider the far ranging implications of our materialistic world The first full length study of this intriguing Pauline expression Greed as Idolatry has profound implications for theological ethics today

**The Ice Age Challenge**

Rolf A. F. Witzsche,2005-03-01

The Ice Age Challenge refers to the challenge that we face globally to create a new foundation for living when the coming Ice Age climate shuts down most of the world s agriculture possibly 100 to 150 years from now The novel is the first part of the second episode of the series The Lodging for the Rose an eight part science fantasy centered on universal love by Rolf A F Witzsche We truly are in a race against time the greatest race since the dawn of man racing to create the technologies economies finances politics and social cultures that enable us to shift agriculture into efficient indoor facilities in order to protect our food production in the coming Ice Age environment The Earth has been in an Ice Age for 1 8 million years interspersed by the occasional warm period like the present one that is ending in spite of global warming The necessary infrastructures for survival are technologically feasible but will we empower ourselves to create them That appears to be less certain It seems that we have been put in race without the skills for it But then don t we have the potential to be fast learners In the course of exploring the question the novel touches on the collapse of the Soviet Union the Aryan invasion in historic India the face of

Islam the fascist holocaust depopulation global warming nuclear fusion power indoors agriculture and principles of marriage sex culture and science    **Becoming an Actor's Director** Reggie Life,2019-09-26 The collaboration of director and actor is the cornerstone of narrative filmmaking This book provides the director with a concrete step by step guide to preparation that connects the fundamentals of film script analysis with the actor's process of preparation This book starts with how to identify the overall scope of a project from the creative perspective of the director as it relates to guiding an actor before providing a blueprint for preparation that includes script analysis previsualization and procedures for rehearsal and capture This methodology allows the director to uncover the similarities and differences between actor and director in their preparation to facilitate the development of a collaborative dialogue Featuring chapter by chapter exercises and assignments throughout this book provides a method that enables the director to be present during every stage of production and seamlessly move from prep to filming while guiding the actor to their best performances Written in a clear and concise manner it is ideal for students of directing early career and self taught directors as well as cinematographers producers or screenwriters looking to turn their hand to directing for the first time    *Counterpleasures* Karmen
