The Power Of Leadership:

The Power of Leadership John C. Maxwell, 2001 Quotations and reflections on leadership **The Power of Leadership** John Maxwell, 2025-04-25 The Power of Character in Leadership Myles Munroe, 2014-01-01 How to Protect Your Leadership Influence and Power You've worked hard to achieve your dreams and goals. Many others have done the same only to lose it all in the end. Every day we read about successful people in various walks of life who have lost their power and influence. They've been fired, forced to resign, or shamed out of public life. They no longer have a market for their gifts and they may even face criminal proceedings. These leaders have lost the trust of their companies, constituents, nations, followers, and families. Many were surprised to discover that their talents alone were not enough to prevent their downfall. Why did they fail in the end? Because they lacked the one quality that would have protected their leadership and given them enduring influence. Ironically, this quality is seldom taught to leaders today, either formally or informally. It is the quality of moral force or character. Every human being is a leader over some domain as he or she exercises gifts and influence. That domain might be the halls of government, the boardroom, the classroom, the community, or the home. In *The Power of Character in Leadership*, How Values, Morals, Ethics, and Principles Affect Leaders, you will discover what character is, what it means to develop moral force, and how to preserve your leadership influence so that it is both effective and enduring. *The Power of the Leadership* John C. The Power of Passion in Leadership Hans Finzel,2015-01-07 Do you do what you love and love what you do How many of us are stuck in day jobs that really don t suit us Has our heart left the building It is so easy to go through the motions in leadership and management and lead with our heads while our hearts long to be elsewhere In this short new passion packed book by Dr Hans Finzel you will learn what it means to work in your passion zone Hans explains from his own journey how to find your passion zone and what action steps to take if you are far from that place of fulfillment Specifically you will learn about how to match up your profile and wiring to just the right assignment People love following leaders whose hearts are fueled by passion This book will help you uncover what passion in your work really is and how to find it no matter what stage you are at in your career The advice in this book is especially powerful for anyone in a role of leadership that is experiencing boredom or burn out Life is too short to settle for less than the best especially if we are called to lead other people Leading from the heart is working and leading from your passion zone Why does leading from the heart really matter It can be natural to think If I am smart enough gifted enough and work hard enough of course people will respond to my leadership The more gifted you are and the smarter you are the more that this can be a temptation and the easy default The problem is that kind of leadership does not inspire people and build deep loyalty The opposite is often true People follow people who they know trust and believe That trust is built between leader and follower within their hearts People follow leaders who are operating in their passion zone There is some sort of a magnetic loyalty that grows in followers who respond to leaders who lead with passion out front It seems that in today s fast paced always on digital world less is more So that is what the author is offering up this first in a series of mini books on big leadership topics
