**The Practice of Pleasure** D. Michael J. Harris,1976      *Groundwork for the Practice of the Good Life* Omedi Ochieng,2016-10-14 What makes for good societies and good lives in a global world In this landmark work of political and ethical philosophy Omedi Ochieng offers a radical reassessment of a millennia old question He does so by offering a stringent critique of both North Atlantic and African philosophical traditions which he argues unfold visions of the good life that are characterized by idealism moralism and parochialism But rather than simply opposing these flawed visions of the good life with his own set of alternative prescriptions Ochieng argues that it is critically important to step back and understand the stakes of the question Those stakes he suggests are to be found only through a social ontology a comprehensive and in depth account of the political economic and cultural structures that mark the boundaries and limits of life in the twenty first century It is only in light of this social ontology that Ochieng then proffers an alternative normative account of the good society and the good life which he spells out as emergent from ecological embeddedness social entanglement embodied encounter and aesthetic engenderment At once sweeping and rigorous incisive and subtle original and revisionary this book does more than just appeal to intellectuals and scholars across the humanities and social sciences rather it opens up the academic disciplines to a whole new landscape of exploration into the biggest and most pressing questions animating the human experience

**Cultural Differences and the Practice of Sexual Medicine** David L.

Rowland,Emmanuele A. Jannini,2020-01-27 The aim of this book is twofold to promote an awareness of cultural differences in connection with sexual medicine among health care providers and to demonstrate how such differences are relevant to the care and treatment of patients with sexual issues Individual sexuality represents the cumulative effects of biological psychological and cultural influences Yet much of the study of sexuality including issues ranging from sexual identity to sexual response has been conducted through a Western lens Although a substantial body of work in anthropology has taken up the study of human sexuality from a cross cultural perspective two points are notable First this work seldom crosses the desks of medical and psychological health practitioners and second the relevance of specific cultural differences is rarely apparent to the typical sexual health practitioner To address this situation this book adopts a global perspective focusing on how cultural practices and values can impact health care treatment and outcomes In this regard it covers three broad domains Sexual Identity and Orientation Sexual Response and Dysfunction and Sexual Diversity Each chapter consists of two parts a general description of the relevant issues and a discussion of how these issues can be relevant to clinical practice The book offers a valuable practical tool for specialists in sexual medicine and sexual psychology for sexual healthcare givers and for sexological researchers who want to better serve their patients by developing an awareness of and sensitivity to cultural differences and by providing a framework for dealing with issues of sexuality and sexual health that takes cultural values into consideration while adhering to best practices in patient care *Old-fashioned Ethics and Common-sense Metaphysics*

William Thomas Thornton,1873 *The Practice of Pleasure* Harris, Michael,1976 *Rethinking Gender in Development Practice* Emily Finlay,Patrick Kilby,Rochelle Spencer, Joyce Wu,2024-07-12 Rethinking Gender in Development Practice is about the ways in which issues of gender including violence against women and girls entrenched gender roles and expectations the exclusion of non binary genders and the participation of disempowered genders affect and are affected by development practice This volume which pulls together papers from Development in Practice provides accounts from researchers and practitioners working with women in countries from Africa to the Pacific The book offers a global perspective but with the inclusion of local voices on the way gender can impact daily living in the Global South This book includes groundbreaking articles by some of development studies most well known scholars which are interspersed with more recent publications that address urgent issues of gender in development practice Targeted at development practitioners and academics from across the world this book reveals the plight of those from the Global South who do not identify as men and offers examples of how NGOs targeted programs enhanced participation in decision making processes and the interrogation of established discourse on gender can assist in transforming lives *The pleasures of reading, an address* Arthur James Balfour (1st earl of.),1888 **The Pleasures of Life** Sir John Lubbock,1889 *The Pleasures of a Book-worm* John Rogers Rees,1886 *The Pleasures, the Dangers and the Uses of Desultory Reading* Stafford Henry Northcote Earl of Iddesleigh,1885 **Cicero.
