The Private Life Of Islam

Anatole Leroy-Beaulieu

The Private Life Of Islam:

Religion in Public and Private Life (Routledge Revivals) Clarke E. Cochran, 2014-06-27 Religious crosses the spheres of both the private life and the public institution. In a liberal democracy public and private interests and goals prove to be inseparable. Clarke Cochran's interdisciplinary study brings political theory and the sociology of religion together in a fresh interpretation of liberal culture. First published in 1990 this analysis begins with a reassessment of the nature of the public and the private in relation to the political. The controversy over religion and politics is examined in light of such contested issues of political life as sexuality, abortion and the changing nature of the family. Clarifying a number of debates central to contemporary society this timely reissue will be of particular value to students with an interest in the relationship between religious society and politics.

Human Rights and Reformist Islam Mohsen Kadivar, 2021-04-26 Human Rights and Reformist Islam critiques traditional Islamic approaches to the question of compatibility between human rights and Islam and argues instead for their reconciliation from the perspective of a reformist Islam. The book focuses on six controversial case studies: religious discrimination, gender discrimination, slavery, freedom of religion, punishment of apostasy and arbitrary or harsh punishments. Explaining the strengths of structural ijtihad, Mohsen Kadivar's draws on the rational classification of Islamic teachings as temporal or permanent on the one hand and four criteria of being Islamic on the other: reasonableness, justice, morality and efficiency. He rejects all of the problematic verses and Hadith according to these criteria. The result is a powerful solutions-based argument based on reformist Islam, providing a scholarly bridge between modernity and Islamic tradition in relation to human rights.

Understanding Muslim Family Life Joanne Britton, 2024-03-27 This book offers an innovative perspective on Muslim family life in British society. Drawing on recent debates, the book considers how theories of family have overlooked Muslim families and offers a comprehensive framework to address this oversight. Informed by decolonizing approaches, the book sheds light on the impact of narrow and stigmatizing perspectives that shape our understanding of Muslim families. The author pays close attention to the increasing diversity of family forms and to the role of gender and generation, whilst also considering race, ethnicity and class. In doing so, she demonstrates how a better understanding of Muslim family life can inform policies to address inequalities and advocates for placing Muslim families at the heart of policy solutions.

Enduring Liberalism Robert Booth Fowler, 1999 Enduring Liberalism pursues two objectives. One, it explores the political thought of public intellectuals and the general public since the 1960s. Two, it assesses contemporary and classic interpretations of American political thought in light of the study's findings.
