**Fergus Kerr OP**

In 1988 David Braine, who has taught philosophy at the University of Aberdeen for many years, published *The Reality of Time and the Existence of God*, a metaphysical proof of God's existence. Now, in this second book, *The Human Person: Animal and Spirit* (Duckworth, London, 1993) which certainly stands on its own although we are frequently referred back to the earlier book and forward to two (if not three) forthcoming volumes, he reconstructs the argument advanced by Thomas Aquinas in favour of our immortality, an even more audacious enterprise in the present intellectual climate.

The first move is to cut off every form of dualism which splits the animals that we human beings are into parts that then have to be related to one another. The traditional mind/body dualism to which Platonist Christians have always been attracted is, so David Braine argues, no different from the brain/mind identity theories which currently flourish under such labels as physicalism, behaviourism and so on. While of course he conducts the argument with reference in general terms to current literature he is surely right in saying that the modern debates raise no issues that would surprise Aquinas. The Platonists paid attention only to the immateriality of the human intellect while the pre-Socratic Ionians believed that knowledge is simply physical (cf *Summa Theologiae*, Ia 84, 2). The greater threat nowadays to the unitariness of the human being is, as Braine says, various forms of materialism and, in particular, some of the Artificial Intelligence theories. But mind-realized-in-brain theories are no different philosophically from soul-imprisoned-in-body ones. Even distinguished philosophers such as Norman Malcolm and Michael Dummett (themselves Christian) exhibit 'a reductionist tendency of a behaviourist kind' (page 192, of 392). The idea, on the other hand, that the person is invisible in a private world is 'a peculiar excrecence of post-Reformation thought, whether empiricist or existentialist' (page 495). David Braine, appealing frequently to Wittgenstein, Merleau-Ponty, Ryle and J.L. Austin, steers his way through these extremes and builds up a convincingly holistic account of human beings as animals which is, as he says, essentially the Aristotelian perspective which was mostly abandoned in the seventeenth century.

## **The Human Person Animal And Spirit:**

**The Human Person** David Braine, 2019-07-09 A philosophical work that addresses the validity of the question What is it for the human being to be an animal and for this animal to be a spirit Braine argues that the perspectives of materialism and dualism are different casts of the same flawed mold and offers a holistic alternative Braine further argues that perception is inseparable from behavior and that the human propensity to produce language separates us from other animals Culminating in a discussion of the meaning of death this is rich and passionate philosophical argument for the human being as animal and soul

**The Human Person** David Braine, 1993-01-01 **The Fittingness of the Incarnation** David Braine, 2025-02-21 The Fittingness of the Incarnation collects David Braine's best unpublished philosophical and theological essays The essays contained herein are representative of Braine's careful rich and distinctive work As one of the more interesting philosophers of his generation David Braine offered a realist account of the world God's existence the human person and language through his major works and these essays help follow through on some of those thoughts explain underlying metaphysical or epistemological principles and we see many of these applied in his theological essays Additionally the book includes Braine's plans for books on the realism of St Thomas Aquinas which helps us see again his vision for a unified philosophical account and the Incarnation which shows how Braine's philosophical anthropology informs Altogether the book contributes the final papers of David Braine to the fields at large

**The Perspective of Morality** Martin Rhonheimer, 2011 At every stage in the argument brief and insightful notes carry on a rapier like face off with almost every significant ethical philosopher of the last three or four centuries making clear how much Rhonheimer has gained from those with whom he has disagreed This is at once a return to a refreshingly profound understanding of the texts of Thomas Aquinas and Aristotle and a new synthesis of ethics for our time Pub desc

*Cross-Cultural Perspectives on Personhood and the Life Course* Cathrine Degnen, 2018-04-24 Exploring notions of the person through a wide range of anthropological literature Cathrine Degnen analyses how personhood is built affirmed and maintained during various life stages and via multiple cultural forms and practices In discussing the life course she investigates personhood as a concept at the beginning of life throughout life as lived at the edges of being and ultimately at life's end *Cross Cultural Perspectives on Personhood and the Life Course* moves beyond the human person in isolation to consider how personhood is fashioned with regard to place and how non humans can also be recognised as persons Through multiple ethnographic accounts Degnen shows that personhood emerges as a relational and processual entity brought into being via reciprocal fields of social relations

**The Universal Cyclopædia** ,1900      The Work of the Holy Spirit Abraham Kuyper,1900      *The Deconstruction of Dualism in Theology* Gillian McCulloch,2002 Between Horror and Hope is a study of Paul s metaphorical language of death in Romans 6 1 11 The scholarly debate focuses on two main issues the origin of the commentatio mortis tradition and its development Dr Sabou argues that the origin of this terminology is original to Paul that it was the apostle s own insight into the meaning of Christ s death a death to sin and his understanding of the identity of Christ in his death as the anointed davidic king which guided him to create this metaphor of dying to sin as a way of describing the relationship of the believer with sin On the development of this language of death the author argues that this language conveys two aspects horror and hope The first is discussed in the context of crucifixion in which Paul explains the believer s death to sin by presenting Christ s death as the death of the anointed davidic king who won the victory over sin and death by rising from the dead Paul affirms that believers are coalesced with what was proclaimed about Christ s death and resurrection thereby allowing him to assert that the releasing of the body from the power of sin is a result of crucifixion This crucifixion is the condemnation inflicted on our past lives in the age inaugurated by Adam s sin and this is such a horrible event that believers have to stay away from sin since sin leads to such punishment In contrast hope is presented in the context of burial The believers burial with Christ points to the fact that they are part of Christ s family and this is accomplished by the overwhelming action of God by which he pushes us toward the event of Christ s death an act pictured in baptism It is this burial with Christ that allows believers to share with Christ in newness of life      *Finis Vitae* Roberto De Mattei,Consiglio nazionale delle ricerche (Italy),2006      **The Century Dictionary and Cyclopedia** William Dwight Whitney,Benjamin Eli Smith,1897      **The Creed and Modern Thought** Benjamin Franklin,1881      **The Century Dictionary** ,1889      The American Journal of Theology University of

**Surviving Persecution** Vernon J. Sterk, 2019-12-12 Persecution can kill the church unless there is an adequate understanding of preparation for and response to this potentially fatal threat Surviving Persecution is a study based on more than forty years of living and working with the Mayans of Chiapas who inhabit the highlands of the southernmost state of Mexico This book can serve as a guide for Christians living in a hostile environment to know how to avoid unnecessary persecution and to survive violent persecution when it strikes This analysis of persecution can also be a valuable resource for students and congregations who desire to better understand the challenges and complexities of persecution The last chapter gives guidelines for how national and international church organizations can play a vital role in helping the suffering church survive and thrive From his personal experience of being the target of persecution and then working with the persecuted indigenous church the author employs an anthropological approach with a biblical perspective to formulate a response to persecution that can promote the growth of the church
