Canada's First Nations Olive Patricia Dickason, David McNab, 2009 Canada's First Nations is a comprehensive history of Canada's original inhabitants Using an interdisciplinary approach that combines techniques from history, anthropology, archaeology, biology, sociology and political science the story of the more than 50 First Nations of Canada is carefully woven together A central argument in the text is that Amerindians and Inuit have responded to persistent colonial pressures through attempts at co-operation, episodes of resistance and politically sophisticated efforts to preserve their territory and culture The fourth edition has been fully updated to include current topics such as the effects of global warming on the Innu, the Ipperwash Inquiry and the Caledonia land claims dispute This is a text that transcends the familiar and narrow focus on Native-White relations to identify the history of the First Nations as a separate and proud tradition      **Canadian Naturalist and Geologist and Proceedings of the Natural History Society of Montreal**, 1878      *The Nation*, 1897
