**Films of Nicholas Roeg** John Izod,1992-06-18 Audiences respond to three things in the films of Nicolas Roeg their power their style and the fact that they puzzle them The author argues that all three elements are tied together with the power of the films springing from their source in ancient mysteries      **The Films of Nicolas Roeg** Neil Sinyard,1991-01-01

**Nicolas Roeg, Film by Film** Scott Salwolke,1993 Nicolas Roeg has directed some of the most original films of the past twenty years yet his work has remained relatively unknown Combining the styles of such famous British directors as Hitchcock Reed and Lester with innovations from the French New Wave his work is artfully distinctive Despite their initial lack of commercial appeal and pans by critics for their inaccessibility many of Roegs films have gained a large audience over time Performance and Bad Timing have become cult films Walkabout is a mainstay on college campuses and even among church groups Why Film by film details of Roegs dozen features are examined in an effort to better understand the man and his movies      **The Films of Nicolas Roeg** John Izod,1992      **The Films of Nicolas Roeg** John Izod,1992 Audiences

respond to three things in the films of Nichoas Roeg The first is their extraordinary power the second their vivid style The third has to do with the fact that they present the viewer with puzzles often about people whom audiences half recognise but cannot immediately understand The author argues that all three elements are tied together with the power of the films springing from their source in ancient mysteries By adapting the methods of the psychoanalyst C G Jung he shows how Roeg reworks myth in order to reach into the unconscious of late 20th century humanity These new cinematic myths do more than reveal the motivation of Roeg s characters they so excite the desire for greater understanding that spectators become involved in a quest of their own and seek out improved self knowledge      *Fragile Geometry* Joseph Lanza,1989 A survey of the work of the British filmmaker his vision of a decentered world depicted in such films as Don t Look Now The Man Who Fell to Earth and Walkabout      **Films of Nicolas Roeg** John Izod,1992      **Nicolas Roeg** Neil Feineman,1978 Discusses films such as Performance Walkabout Don t look now The man who fell to earth and others      The Eureka Complex Lesley Davis,1989      **Nicolas Roeg** Marcus Stiglegger,Carsten Bergemann,2006      **The enigmatic films of Nicolas Roeg**

Simon Lang,2011      *Enunciation and Sexuality in the Films of Nicolas Roeg* Justin Wyatt,1985      **The Films of Nicholas Ray** Geoff Andrew,1991 Films like In a Lonely Place Johnny Guitar They Live by Night and most of all Rebel Without a Cause were to ensure cult status for Ray as one of the most revered of all American maverick auteurs This new edition of Geoff Andrew s unique and acclaimed study of his films discusses Ray s stylistic artistry and abiding thematic concerns and his work with such legends as James Dean Humphrey Bogart James Mason Joan Crawford and Richard Burton Above all the book shows how the vivid emotional authenticity of his films coupled with his special brand of visual expressionism and his eloquently voiced disenchantment with the American Dream were in established for him a profoundly loyal following in America and Europe that lasts to this day This new edition which covers all of Ray s films includes an updated introduction
