**Hitler's Forgotten Ally** D. Deletant, 2006-04-12 This book is the first complete study in English of Antonescu's part in the Second World War. Antonescu was a major ally of Hitler and Romania fielded the third largest Axis army. It joined the Tripartite Pact in November 1940 as a sovereign state and participated in the attack on the Soviet Union of 22 June 1941 as an equal partner of Germany.

**British Clandestine Activities in Romania during the Second World War** Dennis Deletant, 2016-04-08 British Clandestine Activities in Romania during the Second World War is the first monograph to examine the activity throughout the entire war of SOE and MI6. It was generally believed in Britain's War Office after Hitler's occupation of Austria in March 1938 that Germany would seek to impose its will on South East Europe before turning its attention towards Western Europe. Given Romania's geographical position there was little Britain could offer her. The brutal fact of British-Romanian relations was that Germany was inconveniently in the way. Opportunity, proximity of manufacture and the logistics of supply all told in favour of the Third Reich. This held of course for military as well as economic matters. In these circumstances the British concluded that their only weapon against German ambitions in countries which fell into Hitler's orbit were military subversive operations and a concomitant attempt to draw Romania out of her alliance with Germany.

**Pan-Slavism and Slavophilia in Contemporary Central and Eastern Europe** Mikhail Suslov, Marek Čejka, Vladimir Đorđević, 2023-02-13 This book explores origins, manifestations and functions of Pan-Slavism in contemporary Central and Eastern Europe, arguing that despite the extinction of Pan-Slavism as an articulated Romantic era geopolitical ideology a number of related discourses, metaphors and emotions have spilled over into the mainstream debates and popular imagination. Using the term Slavophilia to capture the range of representations, the volume analyses how geopolitical discourses shape the identity and policies of a community, providing a comparative analysis that covers a range of Slavic countries in order to understand how Pan-Slavism works and resonates across geographic and political contexts. **Death of the Wehrmacht** Robert Michael Citino, 2007. A deft, lively and highly readable history of the demise of the German way of war. As the allies found an antidote to the shock and awe approach of the Wehrmacht, the once mighty German army underwent an epic fall from remarkable operational victories to crushing operational defeats, forced to take on a defensive stance in a war it could never win.
