Storm Trooper:

Stormtrooper Families Andrew Wackerfuss, 2015-08-18 Based on extensive archival work Stormtrooper Families combines stormtrooper personnel records Nazi Party autobiographies published and unpublished memoirs personal letters court records and police surveillance records to paint a picture of the stormtrooper movement as an organic product of its local community its web of interpersonal relationships and its intensely emotional internal struggles Extensive analysis of Nazi era media across the political spectrum shows how the public debate over homosexuality proved just as important to political outcomes as did the actual presence of homosexuals in fascist and antifascist politics As children in the late imperial period the stormtroopers witnessed the first German debates over homosexuality and political life As young adults they verbally and physically battled over these definitions bringing conflicts over homosexuality and masculinity into the center of Weimar Germany s most important political debates Stormtrooper Families chronicles the stormtroopers personal political and sexual struggles to explain not only how individual gay men existed within the Nazi movement but also how the public meaning of homosexuality affected fascist and antifascist politics a public controversy still alive today

Twisted Metal Tony Ballantyne, 2010-06-18 On a world of intelligent robots who seem to have forgotten their own distant past it is a time of war as the soldiers of Artemis City set out to conquer everything within range on the continent of Shull killing or converting every robot they capture to their philosophy while viewing their own wire based minds as nothing but metal to be used or recycled for the cause Elsewhere the more individualistic robots of Turing City believe they are something more than metal but when the Artemisian robot Kavan sets out on a determined crusade to prove himself even Turing City can t stand against him Increasingly tied up with Kavan s destiny is Karel a Turing robot with elements of Artemis s philosophy already woven into his mind as well as Karel s wife Susan and their recently created child Following the inevitable violence and destruction Artemisian ambition focuses elsewhere and a journey begins towards the frozen kingdoms of the north and towards the truth about the legendary Book of Robots a text which may finally explain the real history of this strange world In a completely alien but brilliantly realized landscape here is a powerful story of superb action barbaric cruelty and intense emotional impact

Hitler's Storm Troopers Wilfred von Oven, 2010 Wilfred von Oven s Nazism was linked with the career of Josef Goebbels both as propaganda minister and as Nazi party regional leader of Berlin in the early 1930s His experience was of the storm troopers or SA in Berlin perhaps the most extreme of the SA branches These memoirs offer an unapologetic defence of the SA

Schiller's Poems and Plays Friedrich Schiller,1889 **Stormy Life** Ernst Heinkel,1956 *Our War Too* Margaret Paton-Walsh,2002 In the late 1930s a number of American women especially those allied with various peace and isolationist groups protested against the nation's entry into World War II While their story is fairly well known Margaret Paton Walsh reveals a far less familiar story of women who fervently felt that American intervention was absolutely necessary Paton Walsh recounts how the United States became involved in the war but does so through the eyes of American women who faced it as a necessary evil Covering the period between 1935 and 1941 she examines how these women functioned as political actors even though they were excluded from positions of power through activism in women's organizations informal women's networks and even male dominated lobbying groups In the Great Debate over whether America should enter the war some women favored aid to the Allies not because they hoped for war but because they hoped aid would forestall more direct U.S. involvement but also because they believed war was preferable to a Nazi victory Paton Walsh shows that this activism involved some of the most prominent women of their day Elizabeth Cutter Morrow whose son in law Charles Lindbergh was an isolationist spokesman supported the revision of the Neutrality Acts to allow the sale of arms to the Allies and expressed her support in a national radio broadcast Soon other women joined this debate Esther Brunauer of the AAUW journalist Dorothy Thompson and organizations like the League of Women Voters and National Women's Trade Union League broke from the pacifist tradition to advocate American aid for the Allied cause Focusing on the conflict in Europe Paton Walsh shows how these women grasped the implications of the Lend Lease program for America's entry into the war but supported
