much we think Thinking is about how much mental capacity we possess Capacity in addition to our abilities and conscientiousness is about how much we can process combinations of verbal height quantitative width and spatial depth with decisiveness direction and speed No matter where we go or what we do as executives we take our thinking with us That may spoil everything because to a great extent we do and accomplish what we think about Our thoughts mold our aspirations

attitudes and accomplishments during our life In other words our careers and lives are influenced more by the power of our thoughts than anything else The bad news is that most of us never fully use our mental capacities and never achieve our potential The good news is that neural technologies are now available to transform our thinking into the higher realms of brilliance Developing the spatial capacity to think higher wider and deeper means breaking away from the effects of years of flat thinking or educational backgrounds that stifles creative innovative potential Expand your mental agility through a development of higher order processes and discover a whole new world mentally in Executive Thinking The Publishers Weekly ,2006 AP Philip Michael Sadler,2010 Draws together the most recent and rigorous research on the strengths and weaknesses of the Advanced Placement program Examines closely the differences between AP and other high school courses as well as variations among AP courses In depth studies gauge the impact of AP coursework on student performance in college Finally researchers examine the use of AP information in college admissions From publisher description **Catalog of Federal Domestic Assistance** United States.
