*Mortgage Loan Originator License Exam Prep* Stephen Mettling, Ellen Barski, Ryan Mettling, Performance Programs Company's Mortgage Loan Originator License Exam Prep MOLEP is a 210 page modern learning tool designed to prepare mortgage loan originator candidates to pass the NMLS SAFE MLO licensing exam. MOLEP is comprehensive in that it contains both key content review and testing practice. The text review specifically follows the MLO National Test outline as promulgated by NMLS testing officials. This outline sets the standard for content coverage, test section weighting, and essentially what is on the MLO test. Consistent with the promulgated NMLS license examination outline, the main sections of the exam prep cover Federal Mortgage Related Laws, General Mortgage Knowledge, Mortgage Loan Origination Activities, Ethics, Uniform State Content. Following each major section is a chapter end quiz to test your mastery of the subject material. This is further reinforced by explanations in the Answer Key to each chapter quiz. Exam candidates should also note that all content to our exam prep is tersely presented in bullet point lists. We make every effort to present only the essential material that you need to learn the test outline subjects. Finally, our MOLEP challenges candidates to take and pass two 100 item practice tests covering the entire test outline. Again, each practice test comes with an answer key and explanation. Between the practice quizzes and practice exams, there are 420 total questions with rationales in MOLEP. Taken as a whole, if you learn the content in our exam prep resource, we know you will pass the MLO license examination. Testing officials went into great detail outlining what would be presented in the MLO license exam. And we went to great lengths to explain all this content in our publication. Following that, the most we can do is wish you the best of success in taking and passing your exam. So good luck.
