A Thrilling and Truthful History of the Pony Express William Visscher, 2015-07-13 An excerpt from the beginning of CHAPTER I THE GREAT AMERICAN DESERT THE school boy of half a century and more ago was taught by his geography that a large area west of the Missouri River and not very far from the banks of that dark stream was the Great American Desert In somewhat uncertain lines that arid waste was shown on the map of the republic in his atlas less known than the sirocco swept Sahara But before this almost unknown territory had been eliminated from his books he began to learn through the everyday sources of information that this region was being encroached upon by the advance skirmishers of civilization The boy did not comprehend it all but as he stepped along in years it became plainer and plainer and by the time he had reached manhood and its affairs his own progress and that of the far West had so broadened and improved that what he had learned of the Great American Desert had become a dim reminiscence First the boy had seen a few of the volunteer soldiers of the Mexican War who had come back to the States and who had brought with them a mustang pony curious Mexican jewelry and Indian trappings a sombrero and a serape of bright colors a buffalo robe and other things that specially impressed his youthful fancy He heard the returned soldier talk to the old folks about the West and Southwest not yet touching the Great American Desert but getting quite close to it This set the boy to looking westward Then he heard of the discoveries of gold in California Sutter s mill race was his property in a way and he was well acquainted with neighbors who went away far toward the jumping off place to the diggings Then came the song Joe Bowers that told the sad tale of a man who went to Californy to win a fortune for his sweetheart and how she proved false because Joe had gone so far that he never could possibly get back and she married a redheaded butcher and had a red headed baby according to Joe s wail of woe Then through letters home from the argonauts and other adventurers the boy learned of emigrant trains that crossed the vast plains and of the Overland Stage coaches the great swinging ships of the plains that were nearly like the caravels of Columbus but following one after another until there was an undulating line of them stretching from start to finish across the map in his mind of billowy prairie sand bottomed and treacherous streams white faced desert mountain defiles snow crowned peaks and so on to Sutter s Mill and thereabout And the boy was close to the beginning of the facts

Much was printed in the newspapers and magazines of the day concerning all this and the boy devoured it Now and then a book came within his reach that fairly teemed with the wonderful West and the exploits of men and women and even some boys like himself in the long journey across the continent and actually over the Great American Desert **Life on the Pony Express** Diane Yancey,2001 Describes the development of the Pony Express during the mid 1800s to deliver mail from the East to settlers in the West and explains what life was like for the riders on the trail THRILLING & TRUTHFUL HIST OF
