## Ten Bears:

Indian Oratory W. C. Vanderwerth, William R. Carmack, 1971 This collection of notable speeches by early day leaders of twenty two Indian tribes adds a new dimension to our knowledge of the original Americans and their own view of the tide of history engulfing them Little written record of their oratory exists although Indians made much use of publics address Around the council fires tribal affairs were settled without benefit of the written word and young men attended to hear the speeches observe their delivery and consider the weight of reasoned argument Some of the early white men who traveled and lived among the Indians left transcriptions of tribal council meetings and speeches and other orations were translated at treaty council meetings with delegates of the United States government From these scattered reports and the few other existing sources this book presents a reconstruction of contemporary thought of the leading men of many tribes

Chronologically the selections range from the days of early contact with the whites in the 1750 s to a speech by Quanah Parker in 1910 Several of the orations were delivered at the famous Medicine Lodge Council in 1867 A short biography of each orator states the conditions under which the speeches were made locates the place of the council or meeting and includes a photograph or copy of a painting of the speaker Speakers chosen to represent the tribes at treaty council were all orators of great natural ability well trained in the Indian oral traditions Acutely conscious that they were the selected representatives of their people these men delivered eloquent moving speeches often using wit and sarcasm to good effect They were well aware of all the issues involved and they bargained with great statesmanship for survival of their traditional way of life

Comanche Ethnography Thomas W. Kavanagh, 2008 In the summer of 1933 in Lawton Oklahoma a team of six anthropologists met with eighteen Comanche elders to record the latter s reminiscences of traditional Comanche culture The depth and breadth of what the elderly Comanches recalled provides an inestimable source of knowledge for generations to come both within and beyond the Comanche community This monumental volume makes available for the first time the largest archive of traditional cultural information on Comanches ever gathered by American anthropologists Much of the Comanches earlier world is presented here religious stories historical accounts autobiographical remembrances cosmology the practice of war everyday games birth rituals funerals kinship relations the organization of camps material culture and relations with other tribes Thomas W Kavanagh tracked down all known surviving notes from the Santa Fe Laboratory field party and collated and annotated the records learning as much as possible about the Comanche elders who spoke with the anthropologists and when possible attributing pieces of information to the appropriate elders In addition this volume includes Robert H Lowie s notes from his short 1912 visit to the Comanches The result stands as a legacy for both Comanches and those interested in learning more about them

*The Life of Ten Bears* Thomas W. Kavanagh,2016-05-01

The Life of Ten Bears is a remarkable collection of nineteenth century Comanche oral histories given by Francis Joseph Joe A Attocknie Although various elements of Ten Bears s life ca 1790 1872 are widely known including several versions of how the toddler Ten Bears survived the massacre of his family other parts have not been as widely publicized remaining instead in the collective memory of his descendants Other narratives in this collection reference lesser known family members These narratives are about the historical episodes that Attocknie s family thought were worth remembering and add a unique perspective on Comanche society and tradition as experienced through several generations of his family Kavanagh s introduction adds context to the personal narratives by discussing the process of transmission These narratives serve multiple purposes for Comanche families and communities Some autobiographical accounts recounting brave deeds and war honors function as validation of status claims while others illustrate the giving of names still others recall humorous situations song ridicules slapstick and tragedies Such family oral histories quickly transcend specific people and events by restoring key voices to the larger historical narrative of the American West
