**Pagan Portals - Breath of Spring** Melusine Draco,2023-01-27 Candlemas Imbolc is the re awakening of the Old Lass within Old Craft belief and also coincides with the Roman Candelaria and Fornicalia a spring corn festival celebrated in honour of Fornax goddess of ovens and observed by each ward of the city All this merging of primitive origins and rites belonging to the European pre urban agricultural culture meant that it also commemorated the search for Persephone by her mother and the festival of candles symbolizing the return of the Light So it continued to be performed until the Christian era when it was transformed into Candalmas in AD494 In pre Christian times Imbolc observance began the night before 1st February and celebrants prepared for a visit from Brigid into their homes by crafting an effigy of the goddess from bundles of oats and rushes The clothed effigy was placed in a basket overnight and the day was celebrated by burning lamps and lighting bonfires in tribute to her Traditions from both the pagan celebration and the Christian observance of St Brigid s Day can be found in the modern Imbolc festivities while celebrants sometimes make a Brigid s Cross out of reeds as well as a Brigid corn doll or effigy

The Publishers' Trade List Annual ,1973    **The Trail of the Open Heart** Rebecca

Rees,2010-01-15 These are stories of All Kinds of Love cat love family love romantic love erotic love friendship and community love love of work love of home love of nature love of art love of justice love of spirit broken love mistaken love and eternal love From finding and losing and finding a girlhood Jesus to fighting racial injustice in the old South to thirty years of radical loving in flowery San Francisco to adventuring to live on the edge of the wild high desert mountains this is one feminist Everywoman s journey on the Trail of the Open Heart The dedication from the story Mistakes of the Open Heart gives a taste of the book I dedicate this story to my loving mistakes on the trail of the open heart the ones who got away To

Michael my first friend in San Francisco who was in love when I was free and free when I was in love and lovingly married when I was free again To Charles my Rainmaker To Tim the first lover who made me feel beloved To Doug my kindred spirit who held hands with me in the convent To Steve who dumped me on the Winter Solstice but still wrote to tell me he loved his Hanukah present of seven stories To David a sweet guy who just wanted to be my friend and sing with me on the trail And to Paula best friend and adventure buddy of my youth who said that one of us should have been a man and knew that neither was willing to volunteer From you lost neverwhere or nevermore lovers and from the unnamed others including the bad guys I have learned hard lessons You taught me humility and respect for the needs of others You taught me compassion in situations in which I was the rejector instead of the rejectee You taught me to allow every relationship to assume its natural form and that just because people love each other does not mean that they are meant to be together You helped me learn that the true source of all my love is me You taught me that part of being an attractive woman may be attracting experiences that I didn t expect You taught me to take responsibility for assessing when a person may be impulsive and unreliable and to take responsibility for acting on that knowledge You taught me that emotional fluency is not necessarily emotional responsibility You taught me that men who declare that they have been my lover in many lifetimes probably jerked me around in all those other lifetimes too You taught me to balance the romantic with the rational and not to mistake neediness for passion You taught me to count the cost of a relationship and decide if I am willing to pay that price all of it and still not get what I want I learned that most people love as well as they know how at the time given human imperfection in giving love and human imperfection in receiving it I learned that sometimes love is deeper without sex and sometimes friendship is more loving than love I learned that love is everywhere here and now and is not restricted in form I learned that life is ultimately a great Mystery and that what we have to give and teach each other may be beyond our immediate comprehension You my mistakes of the open heart led me to experience the tremendous peace and clarity that comes from giving up absolutely on an unworkable situation You helped me to learn that I can survive the death of an illusory self in relationship and be reborn to new possibilities an ever widening horizon of life You have helped me to become a woman of wisdom a woman who has learned to make good love and good friends when I can and learned to make the scraps into enlightenment soup Silent Spring Revolution Douglas Brinkley,2022-11-15 New York Times bestselling author and acclaimed presidential historian Douglas Brinkley chronicles the rise of environmental activism during the Long Sixties 1960 1973 telling the story of an indomitable generation that saved the natural world under the leadership of John F Kennedy Lyndon Johnson and Richard Nixon With the detonation of the Trinity explosion in the New Mexico desert in 1945 the United States took control of Earth s destiny for the first time After the Truman administration dropped atomic bombs on Japan to end World War II a grim new epoch had arrived During the early Cold War years the federal government routinely detonated nuclear devices in the Nevada desert and the Marshall Islands Not only was nuclear fallout a public health menace but entire ecosystems were

contaminated with radioactive materials During the 1950s an unprecedented postwar economic boom took hold with America becoming the world's leading hyperindustrial and military giant But with this historic prosperity came a heavy cost oceans began to die wilderness vanished the insecticide DDT poisoned ecosystems wildlife perished and chronic smog blighted major cities In Silent Spring Revolution Douglas Brinkley pays tribute to those who combated the mauling of the natural world in the Long Sixties Rachel Carson a marine biologist and author David Brower director of the Sierra Club Barry Commoner an environmental justice advocate Coretta Scott King an antinuclear activist Stewart Udall the secretary of the interior William O Douglas Supreme Court justice Cesar Chavez a labor organizer and other crusaders are profiled with verve and insight Carson's book Silent Spring published in 1962 depicted how detrimental DDT was to living creatures The expos launched an ecological revolution that inspired such landmark legislation as the Wilderness Act 1964 the Clean Air Acts 1963 and 1970 and the Endangered Species Acts 1966 1969 and 1973 In intimate detail Brinkley extrapolates on such epic events as the Donora Pennsylvania smog incident JFK's Limited Nuclear Test Ban Treaty Great Lakes preservation the Santa Barbara oil spill and the first Earth Day With the United States grappling with climate change and resource exhaustion Douglas Brinkley's meticulously researched and deftly written Silent Spring Revolution reminds us that a new generation of twenty first century environmentalists can save the planet from ruin Silent Spring Revolution features two 8 page color photo inserts
