The Foolish Virgin:

The Foolish Virgin Margaret Penn,1981-03-05 In 1910 Hilda Winstanley leaves her childhood on a Lancashire farm to live with her real father's family in London where she joins their sophisticated professional lifestyle and becomes literate cultured politically aware liberal and a suffragist

The foolish virgin Kathleen Thompson Norris,1971

Abbot Suger and Saint-Denis Paula Lieber Gerson,1986 Suger abbot of the French abbey of Saint Denis lived from 1081 to 1151 This book of essays about his life and achievements grew out of a symposium sponsored by the International Center of Medieval Art and by Columbia University For the symposium twenty three medieval scholars from all parts of the world representing a wide range of humanistic disciplines were brought together to discuss the varied nature of Suger's activities Suger has been best known for his contributions as a patron of art and architecture As the essays in this volume devoted to Suger's political activities and historical writings demonstrate he was in addition to being a brilliantly innovative patron of architecture an important architect of the French state Only by bringing together differing humanistic perspectives on Suger and Saint Denis has it been possible to achieve for the first time a fully rounded appreciation of a man who was at the same time a patron of the arts and literature a politician who adroitly used his ecclesiastical position to enhance the growth and power of the monarchy and a churchman consistently devoted to the promotion of the cult of Saint Denis the patron saint of his abbey and of France From publisher's description

Picturing Women in Late Medieval and Renaissance Art Christa Grössinger,1997 This extensively illustrated book discusses the representation of women in the art of the late Middle Ages in Northern Europe Drawing on a wide range of different media but making particular use of the rich plethora of woodcuts the author charts how the images of women changed during the period and proposes two basic categories the Virgin and Eve good and evil Within these however we discover attitudes to sinful foolish married and unmarried women and the style and use of these images exposes the full extent of the misogyny entrenched in medieval society

Picturing the 'Pregnant' Magdalene in Northern Art, 1430-1550 Penny Howell Jolly,2016-12-05

Examining innovations in Mary Magdalene imagery in northern art 1430 to 1550 Penny Jolly explores how the saint's widespread popularity drew upon her ability to embody oppositions and embrace a range of paradoxical roles sinner prostitute and saint erotic seductress and holy prophet Analyzing paintings by Rogier van der Weyden Quentin Massys and others Jolly investigates artists and audiences responses to increasing religious tensions expanding art markets and changing roles for women Using cultural ideas concerning the gendered and pregnant body Jolly reveals how dress confirms the Magdalene's multivalent nature In some paintings her gown's opening laces betray her wantonness yet simultaneously mark her as Christ's spiritually pregnant Bride elsewhere undress reconfirms her erotic nature while paradoxically marking her penitence in still other works exotic finery expresses her sanctity while celebrating Antwerp's textile industry New image types arise as when the saint appears as a lovesick musician playing a lute or as a melancholic contemplative longing for Christ Some depictions emphasize her intercessory role through innovative pictorial strategies that invite performative viewing or relate her to the mythological Pandora and Italian Renaissance Neoplatonism Throughout the Magdalene's ambiguities destabilize readings of her imagery while engaging audiences across a broad social and religious spectrum
