**The Funsten Nut Strike** Myrna Fichtenbaum, 1992 The story of a 1930s TUUL led strike of women workers in St Louis with important insights and lessons Photos *In Her Place* Katharine T. Corbett, 1999 This new addition to the popular guidebook series explores women's experiences and the impact of their activities on the history and landscape of St Louis When the city was founded most St Louisans believed that a woman's place is in the home in the house of her father husband or master Over the years women pushed out the boundaries of their lives into the public arena and in doing so they changed the face of St Louis In Her Place is a guide to the changing definition of a woman's place in St Louis beginning with the colonial period and ending with the 1960s Each chapter explores the experiences of women during a specific time period and identifies the sites of some of their public activities on a map of the city created from historical sources Along the way readers will meet such significant St Louis women as Harriet Scott Susan Blow Edna Gellhorn and Philippine Duchesne and learn about the activities of the Ladies Union Aid Society the Sisters of Charity the League of Women Voters and the Harper Married Ladies Club The book also includes four tours of the St Louis region addressing the themes of the book and identifying significant buildings homes and other key sites Current photographs will help readers locate the sites on detailed maps An up to date bibliography and resource listing make this an invaluable guide for anyone interested in studying the history of women in the region *"We are All Leaders"* Staughton Lynd, 1996 We Are All Leaders describes a kind of union qualitatively different from the bureaucratic business unions that make up the AFL CIO today From African American nutpickers in St Louis chemical and rubber workers in Akron textile workers in the South and bootleg miners in Pennsylvania to tenant farmers in the Mississippi Delta packinghouse and garment workers in Minnesota seamen in San Francisco and labor party campaigns throughout the country workers in the 1930s were experimenting with community based unionism Contributors to this volume draw on interviews with participants in the events described first person narratives trade union documents and other primary sources to tell what workers of the 1930s did The alternative unionism of the 1930s was democratic deeply rooted in mutual aid among workers in different crafts and work sites and politically independent The key to it was a value system based on egalitarianism The cry We are all leaders resonated among rank and file activists Their struggle often ignored by historians has much to teach us today about union organizing **CONTRIBUTORS** Rosemary Feurer Peter Rachleff Janet Irons Mark D Naison Eric Leif Davin Elizabeth Faue Michael Kozura John Borsos Stan Weir A volume in the series *The Working Class in American History* edited by David Brody Alice Kessler Harris David Montgomery and Sean Wilenz **The Broken Heart of America** Walter Johnson, 2020-04-14 A searing and magisterial Cornel West New York Times bestselling author of *Democracy Matters* history of American racial exploitation and resistance told through the turbulent past of the city of St Louis From Lewis and Clark's 1804 expedition to the 2014 uprising in Ferguson American history has been made in St Louis And as Walter Johnson shows in this searing book the city exemplifies how imperialism

racism and capitalism have persistently entwined to corrupt the nation's past St Louis was a staging post for Indian removal and imperial expansion and its wealth grew on the backs of its poor black residents from slavery through redlining and urban renewal But it was once also America's most radical city home to anti capitalist immigrants the Civil War's first general emancipation and the nation's first general strike a legacy of resistance that endures A blistering history of a city's rise and decline The Broken Heart of America will forever change how we think about the United States

### **Grassroots at the Gateway** Clarence Lang,2009-08-14 Offers a new conceptualization of black workingclass participation in the civil rights movement

*Gateway to Equality* Keona K. Ervin,2017-07-28 Like most of the nation during the 1930s St Louis Missouri was caught in the stifling grip of the Great Depression For the next thirty years the Gateway City continued to experience significant urban decline as its population swelled and the area's industries stagnated Over these decades many African

American citizens in the region found themselves struggling financially and fighting for access to profitable jobs and suitable working conditions To combat ingrained racism crippling levels of poverty and sub standard living conditions black women worked together to form a community based culture of resistance fighting for employment a living wage dignity

representation and political leadership Gateway to Equality investigates black working class women's struggle for economic justice from the rise of New Deal liberalism in the 1930s to the social upheavals of the 1960s Author Keona K Ervin explains that the conditions in twentieth century St Louis were uniquely conducive to the rise of this movement since the city's

economy was based on light industries that employed women such as textiles and food processing As part of the Great Migration black women migrated to the city at a higher rate than their male counterparts and labor and black freedom movements relied less on a charismatic male leadership model This made it possible for women to emerge as visible and influential leaders in both formal and informal capacities In this impressive study Ervin presents a stunning account of the ways in which black working class women creatively fused racial and economic justice By illustrating that their politics

played an important role in defining urban political agendas her work sheds light on an unexplored aspect of community activism and illuminates the complexities of the overlapping civil rights and labor movements during the first half of the twentieth century
