The Lost Religion Of Jesus Simple Living And Nonviolence In Early Christianity:

The Lost Religion of Jesus Keith Akers, 2000 Jesus preaching was first and foremost about simple living pacifism and vegetarianism he never intended to create a new religion separate from Judaism Moreover Jesus radical Jewish ethics rather than a new theology distinguished him and his followers from other Jews It was the earliest followers of Jesus the Jewish Christians who understood Jesus better than any of the gentile Christian groups which are the spiritual ancestors of modern Protestant Catholic and Orthodox churches In this detailed and accessible study Keith Akers uncovers the history of Jewish Christianity from its origins in the Essenes and John the Baptist through Jesus until its disappearance into Islamic mysticism sometime in the seventh or eighth century Akers argues that only by really understanding this mysterious and much misunderstood strand of early Christianity can we get to the heart of the radical message of Jesus of Nazareth Nonviolent Struggle Sharon Erickson Nepstad, 2015 From Gandhi's movement to win Indian independence to the Arab Spring uprisings of 2011 an expanding number of citizens have used nonviolent action to win political goals While such events have captured the public imagination they have also generated a new surge of scholarly interest in the field of nonviolence and civil resistance studies Although researchers have produced new empirical data theories and insights into the phenomenon of nonviolent struggle the field is still quite unfamiliar to many students and scholars In Nonviolent Struggle Theories Strategies and Dynamics sociologist Sharon Nepstad provides a succinct introduction to the field of civil resistance studies detailing its genesis key concepts and debates and a summary of empirical findings Nepstad depicts the strategies and dynamics at play in nonviolent struggles and analyzes the factors that shape the trajectory and outcome of civil resistance movements The book draws on a vast array of historical examples including the U S civil rights movement the Indonesian uprising against President Suharto the French Huguenot resistance during World War II and Cesar Chavez's United Farm Workers Nepstad describes both principled and pragmatic nonviolent traditions and explains various categories of nonviolent action concluding with an assessment of areas for future research A comprehensive treatment of the philosophy and strategy of nonviolent resistance Nonviolent Struggle is essential reading for students scholars and anyone with a general interest in peace studies and social change
